For the Protection from Sins for the Whole Day, the Prophet (Sallalloho alaihe wasallam) Prescription

قُلْ هُوَ اللَّهُ أَحَدٌ ۝ اللَّهُ الصَّمَدُ ۝ لَمْ يَلِدْ ۝ لَمْ يُولَدْ ۝ وَلَمْ يَكُنْ لَهُ كُفْرًا أَحَدٌ ۝

(Qul Hu-wallaahu'Ahad; Allaahus-Samad; Lam yalid, w alum yuulad; Walamyakul-la-Huukufuwan'ahad.)

Proficiency: Hazrat Ali (Radhialloho anho) has said that one who recites Surah Al-Ikhlaas ten times after Fajar prayer, he will be secured from sins for the whole day provided Shaitan may strive how much he can.

Such action which shakes the mountains:

I am worried; despair is my fate, why are my desires are not fulfilled? It's been a long time that I have not been rescued from the diseases. Why is my happy and cheerful family getting ruined? Why Jinnat (Genii) have become my enemies where as I had no evil designs for them. **Dear Readers,** for the last twenty-five years, not only one but I have received thousands and thousands of such stories of people through personal meetings, mails and e-mails. Every worried person plunges my heart in sorrows and grieves. Spontaneously and unintentionally I do express my feelings of safety and relief for such grieved and worried people.

Such rich and well off people who had properties and assets of millions and billions, how did affect with misfortunes that they have lost everything and after that suffered from starvation, poverty and disease, so much that I have myself that such person who owned his airplane and was one of the richest person in Lahore, having every blessings of life, became so poor that once he lost everything even he could not pay Rs: 250/= to the doctor (tabeeb) for medicines. When I was writing this article, meanwhile suddenly one of my sincere friends told me orally that eight veiled dacoits entered with arms at law's house, which had newlywed and was deprived of every savings. This incident left him at that point he had started his life. Some as one prosperous and lucky family who had been from elite class plunged in so much deep in ocean of diseases and spend eighty to ninety lac rupees on treatment of their mother and ultimately she could not recovered and decease.

Dear Readers! All of us have not only one and two but thousands and thousands such incidents and events which changed like dark night. It is necessary that we should pray from the Almighty Allah for safety and blessings all the time.

Today I am offering you that action or practice which is very officious for collapsing desires and wishes and in eradicating the refractive effects of magic and genii. For the proficiency of this it is sufficient to say that this is Holy world of Allah delivered by the tongue of Holy Prophet (Sallallohu alaihe wasallam), "If anybody reads out there verses through deep belief of heart that mountains it shakes from its base." Enough of it is as you do belief, you will get return!

You may also test it. In case you get any reward pay thanks (shukr) to the Almighty, otherwise make your belief strong and firm. This book is being offered to make this belief firm. Please read it with concentration and think that the message of rosary home (Tasbeeh Khana) is how much great that belief of making by the deeds, nourishing by the deeds and finding by the deeds.

An important talk:

Dear Readers,

My Murshad (spiritual teacher) prime priority was to redress the grievances of the created, remedy of worries and uncontaminated services without discrimination of color and race, and for the same he struggled all the time. He also advised me that one who is busy for the goodness and well beings of the creation of Allah, Noorani creation the angels pray for him and the Almighty Allah also wants his well-being. Not only the human beings but other living beings and live stocks are being bestowed with generosity, blessings and abundance by the Almighty Allah, the merciful and magnificent. I may also advise all of you whatsoever you can, you may serve the humanity with all support and the grieved people, help them, who can say prayer from the depth of heart and becomes the sources of relief and tranquility as medicine of heart.

Don't be disappointed:

Those Functions (Wazifa) which I have quoted from the authentic sources (Riwayat).

I am presenting for you after my continuous practices. One is from the Holy Quran

أَفَحَسِبْتُمْ أَنَّمَا خَلَقْنَاكُمْ عَبَثًا وَأَنَّكُمْ إِلَيْنَا لَا تُرْجَعُونَ ۝ فَتَعَلَىٰ اللَّهُ الْمَلِكُ الْحَقُّ لَا إِلَهَ إِلَّا هُوَ رَبُّ الْعَرْشِ الْكَرِيمِ ۝ وَمَنْ يَدْعُ مَعَ اللَّهِ إِلَهًا آخَرَ لَا بُرْهَانَ لَهُ بِهِ فَإِنَّمَا حِسَابُهُ عِنْدَ رَبِّهِ إِنَّهُ لَا يُفْلِحُ الْكٰفِرُونَ ۝ وَقُلْ رَبِّ اغْفِرْ وَارْحَمْ وَأَنْتَ خَيْرُ الرَّحِيمِينَ

(Surah Al-Muminoon 115 to 118)

(‘Afahasibtum ‘annamaa khalaq-naakum ‘abasanwwa annakum ilaynaa laa turjauun?)

Fata-‘aalallaahul-Malikul-Haqq: Laaa ‘ilaaha ;illaa Huuwa Rabbul-
‘Arshil-Kariim!

Wa manyyad’u ma-‘allaahi ;ilaahan ‘aakhara laa burhaana lahuu bihii fa-‘innamaa hisaabuhuu ‘inda Rabbihi ‘Innaahu laa yuflihul-kaafiruun!

Wa qur-Rabbig-fir warham wa ‘Anta Khayrur-raahimiin!)

And the second one is the complete Azaan from Hadith Nabvi (Sallalloho alaihe wasallam)

اذان

اللَّهُ أَكْبَرُ، اللَّهُ أَكْبَرُ، اللَّهُ أَكْبَرُ، اللَّهُ أَكْبَرُ، أَشْهَدُ أَنْ لَا إِلَهَ إِلَّا اللَّهُ، أَشْهَدُ أَنْ مُحَمَّدًا رَسُولُ اللَّهِ، أَشْهَدُ أَنْ مُحَمَّدًا رَسُولُ اللَّهِ، حَتَّىٰ عَلَى الصَّلَاةِ، حَتَّىٰ عَلَى الصَّلَاةِ، حَتَّىٰ عَلَى الْفَلَاحِ، اللَّهُ أَكْبَرُ اللَّهُ أَكْبَرُ، لَا إِلَهَ إِلَّا اللَّهُ

This action (amal) is quoted from Quran and Hadith and believes me that you cannot imagine about the efficiency of this action of Holy Quran and Habit. I have so many practices and observations of it that I wish I can prepare a big voluminous book on it. At this moment, I am including some of the observations in this book with the intentions to

release it for common practice so that the maximum number of the creations of Allah may be benefitted from this. One point may note that whenever and wherever this specific action is referred in this book, it will be mentioned as last four verses of Surah AL-Muminoon and the action of Azaan as "Afahasibtum and the action of Azaan."

Note:

Generally Azaan is proclaimed at the time of Farz (compulsory) prayers from the mosque. It is called by the Muazzin (who call the Azaan) in the direction of Qibla (towards Mecca) inserting fingers in ears in a loud voice. In this book Azaan is given as function (Wazifa) to be recited and it is not necessary to stand towards the direction of Qibla, inserting fingers in ears and calling in loud voice. Similarly Azaan as a function (wazifa) that can be recited by anybody, man, women, child or older and there is no binding of age and gender

Requital (sawab) of eighty years divine worship

This hadith is quoted by Hazrat Abu Huraira (Radhiallaho anho) that one who recites this Durood Shareef on Friday after Asr Prayers before leaving his place

اللَّهُمَّ صَلِّ عَلَى مُحَمَّدٍ النَّبِيِّ الْأُمِّيِّ وَعَلَى آلِهِ وَسَلِّمْ تَسْلِيمًا ط

Then his all sins of eighty years will be pardoned and the requital of eighty years worships (Ibadat) will be written in his deeds

The proficiencies (fazail) of last four verses of Surah AL-Muminoon:

(1) In Maaraful Quran volume 6 page 338, it is described

Those last four verses of Surah AL-Muminoon **أَفَحَسِبْتُمْ أَنَّمَا خَلَقْنَاكُمْ** possess special proficiency in it.

Imam Baghvi and Imam Saalbi have quoted from Hazrat Abdullah Bin Masood (Radhiallaho Anho) that he encountered a patient who has fallen in to serious diseases. Hazrat Abdullah Bin Masood (Radhiallaho anho) recited these following verses in to his ears

أَفَحَسِبْتُمْ أَنَّمَا خَلَقْنَاكُمْ عَبَثًا وَأَنَّكُمْ إِلَيْنَا لَا تُرْجَعُونَ ۝ فَتَعَالَى اللَّهُ الْمَلِكُ الْحَقُّ لَا إِلَهَ إِلَّا هُوَ رَبُّ الْعَرْشِ الْكَرِيمِ ۝ وَمَنْ يَدْعُ مَعَ اللَّهِ إِلَهًا آخَرَ لَا بُرْهَانَ لَهُ بِهِ فَإِنَّمَا حِسَابُهُ عِنْدَ رَبِّهِ إِنَّهُ لَا يُفْلِحُ الْكَافِرُونَ ۝ وَقُلْ رَبِّ اغْفِرْ وَارْحَمْ وَأَنْتَ خَيْرُ الرَّحِيمِينَ

(Surah AL-Muminoon 115-118)

(‘Afahasibtum ‘annamaa khalaq-naakum

(‘Afahasibtum ‘annamaa khalaq-naakum ‘abasanwwa annakum ilaynaa laa turjauun?

Fata-‘aalallaahul-Malikul-Haqq: Laaa ‘ilaaha ;illaa Huuwa Rabbul-‘Arshil-Kariim!

Wa manyyad’u ma-‘allaahi ;ilaahan ‘aakhara laa burhaana lahuu bihii fa-‘innamaa hisaabuhuu ‘inda Rabbihi ‘Innahuu laa yuflihul-kaafiruun!

Wa qur-Rabbig-fir warham wa ‘Anta Khayrur-raahimiin!)

He was fully recovered at the moment. Rasulallah (Sallalloho alaihe wasallam) enquired of him what he recited you in his ears. Abdullah Bin Masood (Radhiallaho anho) replied that he has recited these verses. Rasulallah (Sallalloho alaihe wasallam) affirmed that “I swear of the

The Miracles of Afahasibtum and Azaan

Almighty Allah, who holds up my spirit with divine grip, if a man who firmly believes in it, may recite these verses on to mountain, that mountain can move from its base.” (Qartabi and Mazhari)

(2) Hazrat Abdullah Bin Masood (Radhiallaho anho) says that I recited these verses and he relieved Rasul-e-Akram (Sallalloho alaihe wasallam) asked him what did you recite into his ears? I replied I have recited **افحسبتم انما خلقنكم** two last verses.

Rasulullah (Sallalloho alaihe wasallam) affirmed that “I swear of the Almighty Allah, who holds up my spirit with divine grip, if a Momin person may recite these verses on a mountain, it may shake from its base.”

(3) The same fable (Riwayat) is quoted by Imam Imaduddin Abul Fida Ismail Bin Kaseeral Qurshi Al Damashqi in his TafseerIbn-e-Kaseer like this

“Quoted in Ibn-e-Abi Hatim that a Jin was teasing a sick person, He came to Hazrat Abdullahl Ibn-e-Masood (Radhiallaho anho). He recited Afahasibtum up to last verse in his ears. He recovered, when Nabi Kareem (Sallalloho alaihe wasallam) came to know about it, Prophet (Sallalloho alaihe wasallam) asked Hazrat Abdullahl Ibn-e-Masood (Radhiallaho anho) what you recited in his ears. He told about it, then Huzoor (Sallalloho alaihe wasallam) affirmed that you have burnt that Jin by reciting these verses in his ears and recovered that person, Wallah if any upright (Ba Iman) and believer man may recite it on mountain then it may shake from it place.

(TafseerIbn-e-Kaseer, Parah 18th, Surah AL-Muminoon)

Invisible and divine acquisition of security and success:

Imam Imamuddin Abul Fida Ismail Bin Kaseerul Qurshi Al Damishqui quotes in his tafseer Ibn-Kaseer

“Abu Naeem has quoted that Rasul-e-Kareem (Sallalloho alaihe wasallam) has sent us in lashkar (army) and ordered that we may recite in morning and evening.” ○ اَفَحَسِبْتُمْ اَنْمَّا خَلَقْنٰكُمْ عَبَثًا وَّ اَنْكُمْ اِلَيْنَا لَا تُرْجَعُونَ

We used to recite it continuously at both the timings. Al-hamdulillah, we returned with security and booty (plunder)

(Tafseer Ibn-e-Kaseer, Parah 18, Surah Al-Muminoon)

To recite in the morning to evening during journey:

Sahab-e-Karam (companions of the Holy Prophet) say that due to affirmation of Prophet (Sallalloho alaihe wasallam) we used to recite verse number 115 of Surah Al-Al-Muminoon

○ اَفَحَسِبْتُمْ اَنْمَّا خَلَقْنٰكُمْ عَبَثًا وَّ اَنْكُمْ اِلَيْنَا لَا تُرْجَعُونَ

Then our lives be saved and got plunder in abundance.

(Mamoolat-e-Subha wa Masaa)

Twenty lacs virtues

Hazrat Abdullah Bin Abi Aufa (Radhiallaho anho) quotes that Rasulallah (Sallalloho alaihe wasallam) affirmed: That person who recites the following words once then Allah Tabarak-wa-Tallah will write twenty lacs virtues for him.

(AL Targheeb wal Tarheeb)

لَا إِلَهَ إِلَّا اللَّهُ وَحْدَهُ لَا شَرِيكَ لَهُ أَحَدًا صَمَدًا لَمْ يَلِدْ وَلَمْ يُولَدْ وَلَمْ يَكُنْ لَهُ كُفُوًا أَحَدٌ

Reward(ف): The above quoted words (Kalma) is recited one time, you will get twenty lacs virtues, if you recite it after every farz Prayer or belief it, this Kalma is recited once then you can get easily get one millionaire (millionaire) virtues daily,. You may acquire it too. You shall be benefitted by these virtues tomorrow, Insha Allah Ta'ala.

The proficiencies (fazail) of azaan:

Recite Azaan into the Ear of Grieved

Any person who is fallen into grief, if Azaan is recited in his ears, he gets rid of that sorrow and sadness.

Hazrat Ali Karam Allaho Wajho says that Nabi Kareem (Sallalloho alaihe wasallam) saw me sorrowful and asked Ibn-e-Abi Talib, I am seeing you aggrieved. I replied it is true. Prophet (Sallalloho alaihe wasallam) said: you may tell to anybody from your family that he may recite Azaan in to your ears, because it is the cure of sadness.

Hazrat Ali Karaam Allaho Wajho says I did the same and then my grief and sorrow removed. Similarly these other narrators who have quoted Hazrat Ali (Radhiallaho anho) when practiced they all found it to worthy.

(Kanzul Ammal vol 2 page 658. Bikhray Moti vol 1 page 29)

Recite azaan into the ear of bad mannered:

One whose habits have turned wrong, no matter it or he is the human being or animal, Azaan may be recited in to his ears.

It is written in Mazahir-e-Haq Jadeed vol 1 (page # 459)

“One who is ill- mannered; it is desirable to recite Azaan in his ear.”

And similarly it was narrated by Hazrat Ali Karram allaho Wajho that Rasul Akram (Sallallaho alaihe wasallam) affirmed: one who is ill- mannered, no matter he is a human being or animal you may recite Azaan in his ears.

(Rawah Aldelmi, Mrquat Sharah Mishkat vol 2 page 658, Bikhray Moti, vole 1 page 29.)

Reciting azaan at the time of frightening and teasing by shaitan:

Hazrat Syedna Sahl Bin Abu Saleh (Radhiallahoh anho) narrates that my father sent me to Banu Harisa our servant or friend accompanied with me. Someone called him by name from inside the garden. He looked climbing over the wall but nobody was there. I told this event to my father then he said: If I would be aware of this incident, I would never have sent you. Whenever you hear such voice then recite Azaan. Because I have listened from Hazrat Abu Huraira (Radhiallahoh anho), quoting hadith by that Rasule-Akram (Sallallaho alaihe wasallam) has said: “When Azaan is recited for prayer (Namaz), Shaitan flees from there abstaining his face and he loses his power.

(Saheeh Muslim, Kitabus Salat, page 205)

Genii (jinnat) who to hunt the human being:

Hazrat Syedna Malik Bin Anus (Radhiallaho anho) narrates that Hazrat Syedna Zaid Bin Aslam (Radhiallaho anho) was appointed in charge of mine (treasury) of tribe Bani Saleem and this mine was shaped in such a way that in which genii haunted human beings. When Hazrat Zaid (Radhiallaho anho) was appointed custodian of it, people complained about it. He Hazrat Zaid (Radhiallaho anho) ordered them to recite Azaan loudly. People followed it and they were relieved from this misfortune.

(Laqtul Marjan Fee Ahkamul Jan, page 244)

Reciting azaan on seeing crowd of ghosts:

If anybody sees ghosts or demons, he may recite Azaan in a loud voice.

Hazrat Saad Bin Waqas (Radhiallaho anho) says that I have heard Nabi Kareem (Sallalloho alaihe wasallam) affirming that: "Whenever demons and ghosts may appear on different faces in front of you then recite Azaan." (Author Abdul Razaaq ol 5 page 163 Bikhray Moti Vol 1 page 30)

Strange action effect of azaan and staying (aqamat):

Imam Ahmad Dirbi Alaihi Rahmat says: nobody knows this action but I have got this action with the signature of great scholars (ulema) that if you write down Azaan and Aquamat with forefinger on back of the patient of the chronic fever, he gets relief.

The disease of child's epilepsy (ummul sibyan) is eradicated in advance:

Hazrat Hassan Bin Ali (Radhiallaho anho) narrates: Rasul Allah (Sallalloho alaihe wasallam) affirmed that any person who has a delivery case in his

house, he may recite Azaan in child's right ear and Aquamat (staying) in child's left ear and then the disease of child's epilepsy (ummul sibyan) would not harm any more. (Ibnul Sunny, Al Azkar, page 244)

Some other occasions of azaan:

Apart from above mentioned occasions, the venerable elders have referred it to recite on the following occasions.

1. At the time when fire breaks out.
2. At war with infidels (Kuffar).
3. At the time of Anger and rage.
4. When stranger loses their path.
5. When somebody is affected by Epilepsy.

Therefore at these occasions it is no harm to recite Azaan as a cure and action. In Imdad-ul-Fatawa, it is written:

At these occasions of reciting the azaan is sunnah:

1. For Farz (compulsory) prayer.
2. Recite in ears of newly born child at the time of birth.
3. At breaking out the fire.
4. At the time of war with infidels.
5. At the back of stranger when Shaitan appear and frighten him.
6. At the time of Sorrow (sadness).
7. At the time of rage and anger.
8. When the stranger loses it path.
9. Somebody is affected by epilepsy.
10. When bad manners are exposed by any man or animal.

The Miracles of Afahasibtum and Azaan

The above mentioned are quoted by the author of Radd -ul- Mukhtar in his book "Radd-ul-Mukhtar".

(Imdad-ul-Fatawa vol. 1 page 165.)

Including those ones, at the time of earthquake, at the time of both from the blues, at the time of calamities pertaining to earth, at the time of epidemics, asking support or help from someone, to recite Azaan is a adapted practice (masnoon) and quoted. (Fatawa Hamidia)

Protection from aguish:

In a Hadith, it is stated when Azaan is proclaimed in any town, then Allah the Almighty protects that town from his torment (Tibrani)

My personal observations:

During my clinic hours, many patients visited me who are involved and affected by a number of various diseases, worries, calamities and problems, surrounded by difficulties and meditation, frustrated from their lives and disappointed from every door. When such persons incline to actions and return to the causer, deserting from causes, surrender themselves in the court of worshipped and Adore, after trying to please Him raise hands for prayers, then the poet says:

فظائے بدر پیدا کر، فرشتے تیری نصرت کو

اتر سکتے ہیں گردوں سے قطار اندر قطار اب بھی

Create the Badr atmosphere, angel to your help

Can arrive row by row even now

They resemble like this, and after that when these impossible become possible, the worshippers of materialistic word and followers of science loudly cry “what has happened, “how did it happen?”

O yes, it is in our Holy Quran of merciful and magnificent Allah and in sacred hadiths of Nabi Kareem (Sallallohu alaihe wasallam), there are the cures and remedies for all diseases, worries, calamities and problems, misfortunes and torment and difficulties and meditations but the materialistic world cannot see and verify them.

Liver lost complete functions:

One young man told me that his father who resides in America, for the last three days he is seriously ill. Due to his illness his liver stopped working. The sickness happened while his father was still in America. His physicians have told that his liver has completely stopped working. For some time he used to listen to the lessons (dars) on the internet.

It is true that heart is in custody of Allah and He (Allah) changed his temperament due to the blessing of His name, somehow changed his disposition, fondness and desire and he left that habit. The liver was seriously affected due to illness. His father was admitted in the USA, although he was not holding the citizenship. His son asked me, what we should do. I advised him to recite the action of “Afahasibtum and Azaan.”

Son replied “He cannot read and write. I said to him, “You can read and write? ”Then the son said,“ I can recite Azaan. I had that verse with me printed on paper. I told him to put that verse in your pocket and whenever you wish to recite it, you can recite it by seeing. He asked again can I recite

it without (wudhu) then I said you can but be careful in condition of licentious (uncleanliness).

Complete free treatment in America:

Believe me he started reciting and he sent the some paper by fax to America. He (young man) said that his sister and other family members are there. I want to send it to them too. They will also recite. Father is in the state of coma for the last one and half month and he is unconscious.

See the divine power of Allah. This action of "Afahasibtum and Azaan" gave one more benefit. A person who is not an American citizen, the US government does not provide free medical facility to him. Fortunately Allah provided some heavenly support that the US government started his free treatment. He was telling me on the day before yesterday (Thursday) that approximately two crores of Pakistani rupees have been spent on my father's treatment.

Now observe the system of nature, they started action of reciting "Afahasibtum and Azaan". I used to recite it after each half an hour. The hospital authorities decided to provide all medical facilities for free. I did not know what happened to them. The hospital management said it is a serious case.

The unique case in American history:

They told me to keep reciting this action continuously and it took one and a half month. After this period he told me congratulation, your father has opened eyes and at the same moment of opening the eyes he uttered the word water for first time. He took first draught of water through mouth after one and a half month.

You may trust upon me he did not leave reciting after a few months he informed me that his doctors said that the liver is returning to its original condition and this is a very unique and strange case of our medical history. And why it would not be so? Our Holy Prophet of Medinah Shareef (Sallalloho alaihe wasallam) stated swearing on him who holds the life of Muhammad it can shake the mountain. The worshipper of Allah, Abdullah bin Masood (Radhiallaho anho) recited this in the ear of patient and he recovered. Why the liver might not be recovered and healthy whereas it is nothing as compared to the swearing of the Holy Prophet and mountains.

The patients recover!

In Lahore I know a jeweler who is Urdu speaking. His residence is near the shrine of bibi pak daman. He also belongs to the circle of preaching (Tableegh). One day he said to me, I use to go to Mayo Hospital with the intention of just rounding and there I use to recite the action of "Afahasibtum and Azaan" every time when on bed and use to blow into ears of each patient. I use to recite and do it and the patients recovered and released from the hospital.

Doctors surprised, media astonished!

O yes, there is power, an effect and an action. The name of Allah possesses power. You may testify it. My Prophet (Medinay walay aaqua) has said if anybody does it, he must do it with firm belief.

Try this action, and continue reciting. Two crores (millions) have spent, got free treatment, liver returned to its original condition, the patient started standing, sitting and walking and the doctors say that the patient can live the rest of his life with the same liver. American doctors say they have

interviewed him regularly and are surprised that this patient is very unique and extraordinary. Media have highlighted him. Astonished doctor mind have gone worried some. This is miracle of Quran.

Whether the treatment of insane patients is possible?

In Lahore the Mental Hospital is in opposite side of the race course. One day I went to this Mental Hospital. Thousands of young and old patients were there for twenty to thirty years. The in charge doctor of that hospital was reader of Ubqari magazine, so I introduced myself with this reference. He was very happy and accompanied me during the visit of hospital. We were accompanied with two security guards as well for the protection from any mad man that may attack us. I visited the whole hospital with him. During the visit he told me that he reads Ubqari magazine and has listened to the lectures on internet.

He asked me whether I treat mad patients. I replied to him, yes hundred percent. I told that we have the action of "Afahasibtum and Azaan". They forwarded this action to other people also. Doctor informed me that he started telling the action of "Afahasibtum and Azaan" to patients and their attendants. He narrated that his results are good and encouraging and the patients who used heavy doses of many medicines with little and temporary relief started recovering. These patients were out of control and used to break and pull down chains and ropes. They admitted that the results were marvelous.

Mad patient recovered after five years:

I said to the doctor of Mental hospital: the real thing is that we are deficient of firm belief; otherwise we can have big miracle and success. He told me that the patient was using medicines for the last five years. When we started the action of "Afahasibtum and Azaan" gradually the numbers of medicines reduced and the patient started talking with full sense. Now he was out of the state of senselessness. He stopped his idiotic conversations talking normally. We were surprised what the patient is doing. Is it not fabricated? They said we did not release him perhaps he might not be mad again and become out of control.

We have faced such situations many times that the patient throws the domestic goods and broke the articles.

They said we continued that action. The patient repeatedly said. I am fully fit and recovered. Please discharge me, tell me what did you read? Then we asked, "You tell us what you feel, and what you know." The patient then said, I saw darkness in front of me, and I was not aware of what I was doing. You told me I was crazy? I thought my actions were normal. However, in your eyes, I was a mad man. The blackness is vanished and the light is coming in front of me. I can see the good and bad at their own places. I can visualize each and every thing. Now please leave me or do experiment on me. Kindly discharge me I am very well and completely healthy. Give me this action and now I shall recite it. Doctors said we relieved him with precaution, monitoring him by some guards. After careful observation we were satisfied that our mad patient recovered after five years.

The child who forgot how to laugh for two and a half years:

Somebody came to me. He was serving in Telecommunication Department. He told me that his son did not laugh for two and a half years. I was surprised at this case. He said to me that his child will sit in front of you and will not laugh. I brought big laughter's of the world and hired the services of big comedians and paid their fees to make him laugh. They claimed this is no problem. He will laugh in just a moment. They asked me whether he is my son or a stone. I gave him affection and at the same time got mad at him, but he would not laugh. His behavior has made me very worried.

That fellow came to me and told me, the government has given me bungalow for residence. I have my own conveyance and possess each and every facility but my son does not laugh. I replied him: Insha'Allah he will laugh.

It is neither a claim, nor argument nor commitment:

He said to me: I want tell you one thing if you do not mind. First of all it is difficult to take appointment with you and secondly you give such a short time. I hope you may not be annoyed. I said I would not. He said that so many people have said about my son that he will laugh, but I have lost my trust on these words. I don't believe he would laugh. He assured him that it is not a claim, neither an argument and nor a commitment. I may own the words of Allah and great confidence. I have not only one, two, hundreds or thousands but millions of readers of my magazine "Ubqari".

They listened to my programs on the internet and I get results from them. I may give goodness and then get results.

Don't do this action on contract:

I told him that Insha'Allah his son will laugh. I handed over this action to them and said: This action of "Afahasibtum and Azaan" must be recited by the whole family. I advised them not to do this action on contract and the same I use to say to you. Do you know the contract action? It is the action that you may assemble many people from area or request Maulvi sahib or Qari sahib that gave us some fellows and those fellows may recite it collectively.

The old maid servant (maasi) screamed "Ahh" and the child laughed:

I said to him: Insha'Allah he will definitely laugh. You may start this action of "Afahasibtum and Azaan" but don't give it on contract. You may recite little but recite yourself. The whole family and near relatives may recite. They will recite with the purity of thought which cannot be in anybody else.

Believe me he started reciting. They told me the child finally laughed. He told that the old maid servant (maasi) was cleaning the kitchen suddenly her foot slipped and hit the side of a cupboard. Meanwhile she screamed loudly "Ahh" and the child laughed instantly. They said we forgot the "Ahh" of the servant (maasi) and all were happy with joy on the laughter of their son. Bravo, excellent the child laughed. Sweet distributed and goats slaughtered. What was that curtain and what was this binding. Whatsoever it might be, but the son had laughed.

Body returned to automatic recovery:

One gentleman came to see me. One stool bag was attached to him. It was a feces' collector bag. The feces were coming out of intestine. He informed me this is stool a bag. The intestine is opened. I had undergone an appendix operation but it was not successful, again it was operated but again had failed. The operation repeated many times. At the last the intestine had opened. They have tied a stool bag for feces. It means it would not come from its natural way. Do you have any solution to this? I said yes. There is a spiritual solution. I asked him what kind of solution you want to act on. He replied that the spiritual solution. Then I told him the spiritual solution, Recite the action of "Afahasibtum and Azaan" and advised him to recite it with firm belief. Recite it continuously and not in a hurry. After few days, weeks or months you will see the results. Believe me he met me after one, two or three months. He told me now the doctors have joined a small tube. They say that the internal system is becoming active and normal. Your body is being recovered and intestines are returning to their natural conditions and we would remove this tube in few days. Surprisingly I have been fully recovered.

Eight children deceased:

A lady came to me: Her eight children had died. The children were affected by the disease (Athhra) and did not survive. She used to try and use every treatment and cure. Believe me I gave her the action of "Afahasibtum and Azaan" to recite. I advised her that her husband should recite as well. I said to her: Look, you are the two wheels of a vehicle, don't make puncture in one tire. Asked what do I mean? I said that husband and

wife are two wheels of a cart. Just like two wings. It can't be that one recites and second does not. Both should recite. Insha'Allah the Almighty shall gift you a son. He further told me that name that child "Muhammad and along with it attach any quality or adjective just like Muhammad Ahmad, Muhammad Mahmud, Muhammad Zain-ul-Abideen any other name with Muhammad. You make your mind and intention that we will name him Muhammad and start this action for nine months continuously without break, continue it during pregnancy and up to the age when child weans the milk. Believe me today she has three sons and Masha'Allah the first one has grown up. He was telling me that the eldest one is studying in fourth or fifth class. Before this action her children did not survive.

I have given this action "Afahasibtum and Azaan" to issue less pairs who did not have children. Someone told we don't have super motility. Other one said that eggs are not formed. Somebody informed that the man is impotent and some said the woman is sterile. So many things were said about the scarcity of one or the other. There were lots of reports.

Anxiety, depression and tension affected professor of chemistry:

One day a professor of chemistry came to see me along with his son and wife. Professor (Imran) was fifty years old. He came to me in such a way that son and wife had gripped him with hands. He was behaving just like mad man. I wrote a medicine to his son and said that give him a small doze of it to father and the whole family may recite the action of "Afahasibtum and Azaan". Anxiety, depression, and tension, that chemistry profession whose family members brought him to me, in the state of madness. The

family members insisted that I may give them any amulet. I replied that I have no amulet. This is the action which I may have. I give amulets, but only to one of many thousands.

I said to them: you all may do this action. They had taken the action of "Afahasibtum and Azaan" with unbelievably and not trustfully. I was observing them. I told them at the last moment "Allah Wale" please does it with firm belief but out of the whole family only the old mother recited this action. He (professor) was the life partner of her. After some time when they visited me in such condition that the professor was walking freely without their grip.

The old couple came in good health on their own feet. Their consciousness, feeling and perception were all working perfectly. Now he (professor) was not mad and neither was using the medicines prescript by the physician. Now he was completely normal and healthy. The professor told me: Now I take only one sleeping pill at bed time. I feel it has become my habit otherwise I am not a patient.

Victory over victory:

Maulana Usman is the Imam Sahib of Lahore center one day he said: I got to that class, I use to recite these verses then I was very success. You have read in the beginning that narrative that Sahaba-e-Karam (companion of the Prophet (Sallalloho alaihe wasallam) say that when used to leave for journey then we recited verse number 115 of surah AL-Muminoon then our lives were secured and we got more booty and plunder.)

Naughty children become children of human beings:

Allah Kareem opens the treasures of subsistence (Rizq). Due to the blessings of these verses, the circumstances change. Mothers of the naughty children come to me weeping and hissing. When I sit at the clinic then I use to see them. One child is running this side and another to the other side. Then I think O' my Allah how this child passes his time. His mother says I have been tired. I have become a patient of depression. The child worries and harasses me so much, that I can't explain. I suggested these patients the action of "Afahasibtum and Azaan" and the children become the children of human beings again. Believe me they become so pious, so gentle well-mannered, cultured and full of etiquette that it was a miracle. Peace and tranquility restored in the houses. For the training of children and narcotic addicts I have tackled countless cases and to all of them, I have advised to recite the action of "Afahasibtum and Azaan" and in all these cases. I have found it proved and skillful.

Function (wazifa) of recovery from narcotics:

My patients who are narcotic addicts are recovered by the blessing of the name of Allah are recovered on reciting the action of "Afahasibtum and Azaan". Heroin patients, incurable patients and discontented patients who had sold out their motor cycles, tractors, trolleys etc. sold out property which was registered in the name of father on very nominal price although it was worth of four crores . The buyer had identified him as heroin addict therefore he offered very little amount of only thirty thousand. The addict person accepted the offer. The documents were prepared and the plot of

crores worth was sold out in only thirty thousand and addict purchases narcotic dozes.

Heroin, addict person recovered:

One day a heroin addict fellow came to see me. Believe me for Allah sake, Allah forgives me. I had no hatred for him in my heart. Enough I could not sit in front of him. I immediately ordered the servant of "Tasbeeh Khana" to put of AC and to put on exhaust fan. Sprayed in the room with two room fresheners but it could not work. There was limitless bad and rotten smell. I told him that he may recite this action of "Afahasibtum and Azaan" and take it with you. He recited this function and did it thoroughly in abundance. He was tired of the addiction habit. He was admitted many times in narcotic relief client but used to start again. His other family members also recited constantly. Allah knows better one day the same patient was sitting in front of me very neat and clean. I was so glad and happy. Believe me when I see a healthy patient I am amused by heart. I said to myself heartily "O my Allah what the blessings of yours name, it has changed his life.

Worried family due to the devastations by genii (Jinnat):

Genii set the house and cloths on fire, spread urine inside the house. I have seen myself the F-eleven sector of Islamabad. F-10 and F-11 are the areas of rich and well off families. I went inside a bungalow. You cannot imagine the cleanliness and fairness of that house. No house fly and no ant can be seen inside. The houses were built by very valuable marble at Margala Hills, but everywhere there was rottenness and bad pinching

smell. The house was full of urine just like mustard oil. The resident told me that the Genii make the house filthy and dirty. I asked him that you might be tired of, Replied yes of course. Many Sire (babas) and Derveshs (malangs) came to see and claimed that they would burn the Genii. Someone asked thirty thousand, some demanded one lac and someone and a half lac. Whatsoever they demanded gave them only to solve the problem. Some people demanded earthen pot. One asked for black pulse (moong dal) and one slaughtered heads (siryaan) but the result was obstinate and unchanged. They said that due to these functions (wazaef) the Genii irritated and enraged. I told them have you seen the results. You have done this action on contract. Now you have to do it. I advised them again that you have to fight your war by yourself. No one can do it on your behalf. They agreed and were ready to do themselves; I told them the same action of "Afahasibtum and Azaan".

Wicked genii's impudence (obstinacy):

There is an experiment. Whenever I gave this action "Afahasibtum and Azaan" to anyone then the Genii create problems so that they may worry and leave the action. Otherwise they intend to compromise, these are my experiences. So in case if there is some bustle and confusion, you may not leave the action. Genii cannot harm or tease you. **جَاءَ الْحَقُّ وَزَهَقَ الْبَاطِلُ**

And Allah has written in the fate, that the false **إِنَّ الْبَاطِلَ كَانَ زَهُوقًا** is going to be ruined just like spider's net which is to be destroyed.

You press the neck and the eyes may not come out:

I said to them: you may recite it day and night. Any time at any moment recite standing and sitting, and the same happened. Worried, he told me, and sir the work is abandoned. I replied him what do you want. You are pressing their necks and you assume that the eyes may not come out. Surely the eyes would be coming out. Don't afraid of it, recite continuously.

Please trust me after some time he came and said: At the beginning they (Genii) used to come and say "Whatever you want to recite, go on with reciting, we will not go. They used to say this because our belief in the words of Allah may weaken. I insisted him: don't stop but instead recite in abundance. He again informed me that the Genii are coming in my dreams and says "Well don't recite, we would not harm and tease you". I further told him not to accept their offer but go on reciting. By the grace of Allah his houses was free and clean from those evil Genii.

Did not feel pity over these children:

They saw a strange dream, and this dream is told to me by many other people. "There is an old woman with children, they are small. She caught one child once and then another. She has a bundle of articles on her head. She is coming outside the house by crying upon the children "come out, come out from this house, they would not allow us to live in this house". By looking to us she says "did not feel pity over these children, don't give mercy to our children. Our many children died here. Let us go and quit from here". In other words a gang was leaving that house.

Unseen aromatic smell:

After telling me his dream he said: now in my house there is unseen aromatic smell. I told him that unseen aromatic smell indicates that Allah Ta'ala has sent the Angels for your security. The aromatic good smell ejects from the Angels and unpleasant rotten smell from the Devils. Believe me this is a fact. The Angel's systems reflect upon your eyes.

A great tragedy!

Nowadays all of us are facing a great tragedy that due to the age factors, the hairs of the daughters have turned from black to white. They are aged at their parent's houses. They could not get their partners. I tell them: Don't worry but recite the action of "Afahasibtum and Azaan" and do it with firm belief. It is not to be done for few days, weeks or months but constantly and continuously. Don't be in a hurry. Allah Subha-nahu Ta'ala runs his specific system with invisible treasures. Daughters may find such pairs that the human wisdom is astonished that how it could be possible.

Cure of binding on business, consistency (rizq), or effect of magic and jealousy:

Whenever you feel any binding on business or consistence (Rizq) or may feel any magic, incantation or jealousy. Whenever and wherever there is belief or doubt of it start reciting the action of "Afahasibtum and Azaan". If you are only doubtful and not sure it is no sin to recite. In case you are sure, then reciting will nullify the effect. Now do the action with full belief and power of certainty. You have travelled everywhere in the world and went to every door for your problem but you could not get relief. It was your mistake that you had forgotten the order of Allah and Nabi

Alaihissalat-o-wasallam. When you returned to it, the doors of success were opened.

My mother-in-law is a thief:

One day somebody started telling something to me then I asked him to meet me at night then I will tell you an action, Insha'Allah your problem will be solved. He used to live in Lahore Cant. He had celebrated the wedding of his last and youngest son. After a few days of marriage two sets of gold were stolen from the house. The daughter-in-law cried with shock. She said that my mother-in-law is a thief. Now hardly fifteen days passed she stole my sets. The old lady (in law) and that fellow came to me and narrated the event. I said to them: Intensely recite this action of "Afahasibtum and Azaan" day and night. She was very upset. I said to her not to worry recite it extensively in abundance. She replied that she would do of course but what about my daughter-in-law's sets of gold? I told her Insha'Allah they will be found but you must do the action. Allah shall give you, recite it day and night. Trust upon me that old lady recited it day and night "Afahasibtum and Azaan" after a few days later, the lady told me that I was inspecting some of my old and discarded clothes which were kept in wardrobe, I suddenly found the jewelry covered in it but without boxes. The heat of this action was so intense that the Genii returned those sets.

Relief to dull children and protection from theft:

If any child is dull and lethargic then the action of "Afahasibtum and Azaan" is the last one, similarly for that house which is suffered by many thefts this action of "Afahasibtum and Azaan" is the last one.

Tyrant you are ours and you still tease us:

This incident is of Mandi Bahauddin. A case of religious schools (madrasa) was referred to me. Administrator of that religious school (madrasa) told me the Genii over turn the desks of the children, disturb beds and pour down hot water on bodies of children. Among these students there is a child named Zafar who recites Quran in the style of Maulana Ghulamullah Khan, although he cannot recite with lips (Tajweed) because initial student of Quran. He presents the commentary (Tafseer) with perfection and command and claims that he belongs to the Genii. Jin used to come over him. He used to say that I am the chief (leader) of all these Jinnat and we offer prayers in congregation. The religious school (madrasa) administrator told me that he said to that Jin: Tyrant you are ours and despite that tease and worry us! That Jin said to me: That person belongs to another religion and he has subdued us over you. We are compelled! What can we do we weep ourselves and tease yourself.

A strange incident:

I am telling you a strange event. Perhaps you may not believe it. They were very upset and asking what should we do? Came to me and said: we are tired, what to do. I told them that the Almighty shall do better. I advised them to recite that action of "Afahasibtum and Azaan" and insist all students that they may also recite. Recite self and constantly. It was 67th day of recitation. They continued reciting "Afahasibtum and Azaan". It was strongest magic. When the 68th day came, the administrator said to me: you know that student Zafar who was gripped by the Jin and through that Jin, other Jinnat would have talked with us, that Jin is very upset and

uneasy. Asked him what happened, Jin replied: "Our Jinnat have started dying, you may extend mercy upon us and stop that action which you are reciting". I said to the administrator: don't stop, continue reciting. Now these Genii shall return to that fellow who had sent them towards you.

They continued reciting the action. One day that Jin who had gripped Zafar, told through him about that fellow who had sent them the address, name and the religion to which he belonged. At the same time he (Zafar) was giving the information, Zafar fell down and become unconscious. The administrator called me and told me that Zafar is unconscious. I told him: congratulation, the magic is broken. Now see the condition of that fellow, what happened to him!

And he died...that was tyrant and cruel:

The same day they did not go. Next day they came to that the fellow was sitting but suddenly he felt violent stroke and died. He was tyrant and cruel. He used to proclaim by beat of drum that is there anybody who may counter act my action, so on and so forth.

I asked him: enquire of that person who washed his dead body? When investigated he told that his body was just like a bundle of pieces of bones. He also said when I was washing his body, it became shrunken bundle. It all happened like this when the forces which were dominant over reliever students became more powerful, they set them to die.

Now why we were waiting:

Quoted from Quran and Hadith, this action of "Afahasibtum and Azaan" relates many incidents and events, how much I may tell you. Do you want peace and tranquility in your houses? Do you want comfort in your

society? Do you want repose in your temperament? Is there relief and peace in your heart? If it is so then why are you waiting? This is the action so does it with firm belief.

Protection from devil (shaitan)

Shaitan is the enemy of human being. He wants to tease and harm you by each and every mean and way. To protect from his wickedness and depravity, Our Prophet Huzoor Akram (Sallallohu alaihe wasallam) has affirmed, any person may recite the following verse in the morning once,

أَعُوذُ بِاللَّهِ السَّمِيعِ الْعَلِيمِ مِنَ الشَّيْطَانِ الرَّجِيمِ

he will be protected by Allah from Shaitans evil till evening (Kanzul Aamal)

Severe pain in ear healed up:

In the neighborhood of our shop, there is another shop keeper. One day he felt very severe pain in his ear. He told to his brother and his brother recited the action of "Afahasibtum and Azaan" and blew into his ear. After some time he said that he is feeling better. (Ibn Umm-e-Haris, Lahore)

The rabbits healed:

We have rabbits in our house and once one of them fell sick. We investigated about the disease and were told that it is epidemic and all rabbits will fall ill and die. We started the action of "Afahasibtum and Azaan". By the grace of Allah, all the rabbits recovered. Now these rabbits have bred small issues. (Ibn Umm-e-Haris, Lahore)

Computer is operative:

The computers we use in our shop were out of order. Some important assignment was to be done on it. My brother tried his best but it did not work. At last he tired and closed it. I recited the action of "Afahasibtum and Azaan" and blew on it. Then started again, it was perfectly working so we completed our assignment. (Ibn Umm-e-Haris, Lahore)

Genii were conversing with a human being:

Respected Hakeem sahib Assalamu Alaikum, I beg to say that I am quite well and hope you doing well. Hakeem sahib I accept this fact very well that you have changed my life hundred percent. By the Grace of Allah I do observe prayers five times even the "Tahajjud" prayer.

I performed some functions which you have taught to me. I feel necessary to point out some of them which relieved me extensively. Now I have further firm belief in Allah Ta'ala and in you as well. I do not believe that the Genii have mutual conversation. I have seen a dream that a dirty and unclean Jin came to see me and said that some person has sent me to you, I am Bengali and I want to put some fear and dread in your mind so you may surrender. In the same dream I saw a very lizard. I pushed a big button installed on the wall and buried that lizard into ground. One day Hakeem sahib I saw you in dream that you are calling me. Come here Amina and see the Genii in three buckets. When I saw inside there were three Genii in water. Hakeem sahib one day I listened to the same voice the whole day. I think that was the loud voice of Shaitan saying that we had brought today very big fire for you but your recitation of the action cooled it down.

Hakeem sahib two days ago, I saw another dream that I am standing in an office and the principal of that office said to me to arrange a part. I do all the work actively. Meanwhile I look to the wall and on it there was a wall of glass which was fixed and pasted with thick tape. Then that glass wall starts breaking. I stop it from falling by extending my hands. All the staff was surprised and astonished. Principal called me and says we have come to know your secret that how do you do all the work. Hakeem Tariq is behind you and there is no other reason. This is all due to blessing of two times Azaan and drinking three draught of water after Wudhu regularly. I had magic in my house in abundance so much so that I thought it can never be finished but due to the blessing of Azaan, it was miracle. When all these articles come in front of me then I take spiritual bath three times then I had peace and tranquility. (Amina, Lahore)

How did people get cure?

(True observation collected from Majzubi Assemblies)

From the blessing of the action of "Afahasibtum and Azaan" how many people belonging to every category got relief and cure, on reading the true events of those people you will be surprised. It is no miracle and excellence of mine but it is hundred percent the blessing of the name and words of Allah.

Attack of genii and salvation:

A school teacher said to me that one of his colleagues had a problem with genii. It was midnight and that suddenly genii attacked our house. By the action of "Afahasibtum and Azaan" we were blessed and we got salvation

from the Genii. Now they have continued this action and they are getting continuous relief.

Wife suddenly fell ill, but recovered:

At night we were all sleeping and suddenly the condition of my wife became worse. Her body was motionless. I touched her body with my hand and it was absolutely cold. I forgot the action of "Afahasibtum and Azaan" so took her to the hospital. ECG test and sugar both were normal. The time was 3 A.M. and other children were alone at home. During this distress, the lower portion of the body stopped working. We pass the night in anxiety. In the morning asked Ansari sahib the action of "Afahasibtum and Azaan" and when we came home, blew into her ear until around noon, the wife had almost recovered and now, Al-hamdulillah by this action "Afahasibtum and Azaan" blessings she is quite normal and healthy.

(Abdul Mannan Shaib)

Seventeen year old psyche patient recovered:

One fellow used to tell that my aunt is suffering from neuron problem since 1994, she was treated in many cities and now recently she was under treatment at Lahore Mental Hospital. Due to the condition of disease her head used to shiver and the body was out of control. When she worked, she would not stop. Suspicion and doubt were increasing. I suggested him to recite the action of "Afahasibtum and Azaan" and he used to recite regularly after every prayer. After fifteen days function of praying (Wazifa) she is quite normal. Her husband is also doing the same action. By the blessing of this action, she was free from the seventeen years chronic ailment.

Another reader of mine said that my one child is five year old. He used to weep much in abundance at night so I used to wake up many times and I could not complete my sleeping hours. This disturbance at night seriously affected my day time schedule and for the whole day I used to be in mental tension. I was worried about the child why he wept. Someone told me to recite the action of “Afahasibtum and Azaan” and I started that on the same day.

It was so much blessing from Allah that I can't explain to you. Now the child sleeps calmly and peacefully. I got the second benefit about my other children. They were not taking interest in their studies and did persist. Now they have left persistence and are taking sufficient interest in studies.

I told him “Afahasibtum and Azaan” and do it by everyone particularly the patient himself. Now the patient is in quietude and tranquility. Later on it was diagnosed that the disease leads to bone marrow cancer. In the meantime I attended your Dars (Lesson) on Thursday then you suggested to me the action of "Afahasibtum and Azaan". A close fellow said: There is very severe pain in my wife's body. The pain was so vehement that the family members decided to take her to hospital. When I reached home I was told the pain is decreased because the wife had recited Azaan seven times and blew it onto herself. After that I recited the full action "Afahasibtum and Azaan" and blew it on the pain, it had vanished in that it was never there. My wife was also surprised and astonished that this intense pain removed by the blessing of the words of Allah and never lapsed again.

That driver was very much upset. I suggested him to recite the action of "Afahasibtum and Azaan" in every half hour. They all started doing I was told the patients are feeling well, but the doctor said he will survive up to twenty four hours. I asked them what the problem was. The doctor said that the blood pressure is not lowering down. I said to them to continue the action but with firm belief. The greatest healer (Allah) bestowed such healing that at 6 p.m. the doctor

I went to see him after enquiring of his health, I emphasized to one of his brothers that he may recite the action of "Afahasibtum and Azaan" sitting here after every half hour and do it continuously and said to another brother that he may do the works and assignments of outside. When I had gone to ask about his health, his platelets in the blood were only 67 thousand and after some time it reduced up to 50 thousand. Salvation from the presence of genii in five minutes:

A person told me that first time in his life he observed Eid festival in his village of Abbott Abad. There one of my uncles had passed away. All the

relatives were present in his house. Meanwhile my paternal cousin suddenly used to feel pain in the whole body. His condition started appearing just like genii were infusing inside him. My another paternal cousin started calling Azaan and as soon as he reached the patient started breathing the wall forcefully with his hand and sat unconscious. All the people present there were embraced. I was in other room people called me and said: The action you told us we did but before completing Azaan he was senseless. When I touched his body it was absolutely cold at hands and feet. It looked like that his soul departed from his body. His face had become pale. I did the action of "Afahasibtum and Azaan" and also said to the paternal cousin to recite. As soon as we recited it into his ear he instantly opened eyes and his whole body returned to normal. Five minutes after completing his action, all the people present there were surprised. I used to pay thanks to Allah that Allah had bestowed upon me. After that all the people asked me about the action because they had seen the miracle of this action by their eyes.

Deliverance from the effects of demon in new home:

Before I shifted in a new house with my family, I saw their strange atmosphere. I observed shadows at night; sometime very clear terrifying voices were heard. I contacted too many conjurers (doers) then I was told that there are effects of demons and genii in this house. Later, then neighbors told me that this house is affected with intense influence so I was worried.

One of my friend, Sultan Shah from Sargodah told me to do the action of "Afahasibtum and Azaan" and my wife and I started regularly. Now by the

blessing of Allah, all the effects of demons have been eradicated, but we are also doing the action regularly and commit to do for the whole life. Apart from that there is blessing and abundance in our house.

And when worries crossed the limits:

Muhammad Naeem Anwar from Lala Musa writes: There was very strong hold and grip of demons and black magic on our family. That's why our family members were very much worried. Even the condition was so much tense that some time sprinklings of water and blood fell over my wife and mother. Not only the human being but due to this magic and genii the pet domestic birds were kills even the chicken babies were not alive.

Many times, it has happened that mother and wife were asleep, somebody found knots in their hair and then it could not be unfolded unless cut by scissors. Other things such as leakage of water in the washroom, misplacing of important and precious things and article, laughing voices of women and constant sickness of the mother started to happen. All these incidents had become the routine of life. For the resolution of all these problems, according to your order we used to recite the action of "Afahasibtum and Azaan." Now everything is normal and quite well.

Al-hamdulillah, there is peace and tranquility in our home. The effect of filthy imagines and Genii is completely finished.

Acquired observation through Internet from the world over:

Dear Respected Readers, now a day the people's helplessness and distress is pitiful. Many of the luxuries and faculties of life are increasing. Daily new inventions and innovative are introducing for the benefit and peace of human being (body) so likewise the worries, problems and calamities are increasing day by day. I received thousands and thousands of messages. Of the distressed people from the world over which reflect and indicate the restlessness and anxiety in their lives. The real cause of this is not the circumstances but the deeds of the human beings. Whereas the Creator of the human machinery has given the verdict that “The system of peaceful

life is in my memory.” That is why we see that although the lives of the friends of Allah (Auliya) were not bestowed with present day facilities, they were free from all worries.

Following are some spiritual experiments and observations in writing which are sent to us by our listeners from the world over through email and Face book.

The child father started reciting. By the blessing of Allah, the weeping of the baby ceased and the fear at night also finished. For the children who fear and weep at night, this is proved action because some time the child weeps due to a mischief of Shaitans and he flees from the place where this action is recited.

The Allah has promised for forgiveness, deliverance, and unimaginable peace of rest in the everlasting life and a lot of accumulated virtue on each and every letter of the Holy Quran. It is not possible that in this life of sixty to seventy years of age we may get rid of diseases, worries and difficulties. Why not but certainly there is something missing in our demand from Allah. Each and every letter of Quran and life attached with Sunnah has the message of healing, recovery, peace, tranquility and safety. You may read with your own eyes some observations of the recites who recited with firm belief.

Readers, here are some and few selected letters among a lot of huge and abundant quantity of whom have been benefitted by the world of action and they were freed from the worries and diseases.

Saw Five Jinnat (genii) emerging out of the body:

One madam has written: I have a female pupil. Her mother used to recite the action in multiplicity. She was complaining mostly about magic and Genii and she usually tells me her condition: whenever Jinnat attack me all the curtains are lifted in front of my eyes and I can see everything by my own eyes. Whenever I listened to her story, I told her to recite the action of "Afahasibtum and Azaan." She did it only two to three times and the relief she narrated in these words. She says when I recited the action and blew it on myself, I saw five Genii emerging out from my body and after that I was very peaceful and felt my body was very light.

She could not explain her condition of happiness and peace in words. Lastly she said to me that it is extremely proved action. I was feeling her

condition of captures that her heart is filled with its benefits. In the inmost heart I was praying for you and thanks to Allah that He made me, a sinner, and a source to remove her very severe worries. (S.B.I, Lahore)

Strengthened belief and succeeded:

Due to your prayers and the participation of me in your Dars, many problems of our lives resolved. We have been given such easy and simple prayers to recite that our thousands of rupees are saved. In recent Dengue epidemics, my son was also affected. At the beginning we were not aware of Dengue but medical reports confirmed it, and he was admitted to the hospital for four days. After four days he was discharged and he came home. Meanwhile, I use to recite and blow the action "Afahasibtum and Azaan" and sometimes blowing onto the syrup that was given for him to drink. Used to give Sadqa, and do pray after offering 'Nafil.' Thousands and thousands thanks to Allah that after returning home, he used the medicine only for three days that Allah bestowed healing on him.

Doctors disappointed but I was optimist:

In the months of March I had suffered from Dengue fever and due to this, my white cells and platelets reduced to almost zero. I was in bed for one month. Meanwhile, I came to know about the action of "Afahasibtum and Azaan" so I started to do it regularly. Some time I use to take spiritual bath too. Due to this Al-hamdulillah I recovered. You may understand that the doctors were absolutely disappointed and my condition was so much so that I could not even take meals. Due to blessing of this sacred action, now I am quite healthy and I have more firm belief and confidence on this action and as well as link to Allah. (A sister from Lahore)

Unbelievable but absolutely true incident:

I have narrated this incident in the beginning of the booklet, which I have heard from the son of that fellow who was perhaps Samar. Now his daughter also has sent me the details of her father through letters. I, the humble man, am publishing this letter as it is just to authenticate previous event.

اس کے ہونے کا مجھے سچا یقین ہے عارف

اور اس جذبہ ایمان کے آگے کیا ہے

In him I have absolute certainty Arif

What else is there beyond this emotional belief?

She writes in letter that:

My father fell ill last year in May in the United States of America. My younger sister took him to the hospital where the doctor injected him the sleeping injection immediately. Because of its reaction he suffered from a heart attack and he went into a coma. Then instantly doctors shifted him on ventilator. They were disappointed because saving his life might be hard now. I was in Pakistan, and my sister was in America and stated to recite the action of "Afahasibtum and Azaan" and which you had told me in your Dars. Father recovered from coma in one or two days, but continued on the ventilator. Doctors were still disappointed. After contacting you, you had insistently advised use to do this action with belief and said that Insha'Allah he will bestow upon you due to blessing of this action. After a few days doctors told us that father's liver has completely failed. In case he survived, he would need a liver transplant. My sister and I

The Miracles of Afahasibtum and Azaan

continued to recite and did not give up hope from Allah. Allah, the Beneficent and Merciful bestowed upon us and he was freed from ventilator. He started breathing on his own. Doctor used to say for four months that you may stop your father treatment because it is not curable. Instead we continued to do the action. During this period we undergone many critical stages but we were hopeful. Any physicians who came to see my father, he noted on his medical files: Family hoping miracle. It means they were not hopeful but the family is still hopeful. Apart from these things we continued to do the action with certainty. Because nothing is impossible against the nature of Allah.

Meanwhile the action "Afahasibtum and Azaan" father came to home and started walking slowly but transplant was still necessary. Approximately one month before liver tests were carried out then the same top liver specialist of the USA told us that yours father can live with the same liver the rest of his life. The same liver is recovering which was very much surprisingly. Hazrat Hakeem Sahib here comes one thing more in our mind that the specialist of the so advanced country life USA was surprised upon Allah's nature that according to our science and lab tests liver transplant was inevitable and now the same reports confirm that he can live the rest of his life on the same liver. Today the doctor is compelled to say that it was a miracle.

One day I called my sister to tell her to let the doctors know that it was only possible due to the recitation of action of "Afahasibtum and Azaan" then my sister replied how would they know what is the action of "Afahasibtum and Azaan" but they do say that is possible for your prayers and Hazrat Sahib there is another most important point that the total

expenses of my father's treatment have reached two and half crores, in Pakistani currency, which was impossible to pay for us. My father is neither the green card holder and not having US nationality but all these expenses had been paid by the US government. Although according to the law whenever the patient is admitted in hospital, the government bears his expenses. Now my father is at home but still the expenses of medicines which are equivalent to two and a half thousand dollars are being paid by the US government and we are given free medicines. This is all due to the blessing of the action of "Afahasibtum and Azaan".

Hazrat Sahib by the grace of Allah, my father's health has quite improved and we are continued the action. Hazrat Sahib we are very thankful to you that you have guided us to the path of Allah and helped to strengthen our faith. You and your sincere friend's prayers (Duaoon) have supported quite well. I am very thanks to you. (Fariya Ali)

The path of relief (peace) in fifteen years distressed life:

A lady had written to me that my life's past fifteen years have been passed in worries and hardships and this condition was unchanged some times before. Prayers, recitation and worships were negligible. I listened to the miracles of the actions of "Afahasibtum and Azaan" in your Dars (lessons). I started to comply from the same day then the results started to be seen.

My son was very persistent and naughty. If you do not fulfill his demands, he started the goods of house breaking and throwing. We had so many treatments but as we have started this action we have been blessed by Allah. Now my son is quite normal, whereas in previous days in condition of anger he became quite mad. Apart from this last year were all suffered from Dengue fever. I, my husband, and one son all fell ill. I use to recite and blow the action of "Afahasibtum and Azaan." I used to blow and on water and give to all of them to drink. By the grace of Allah, the whole family recovered and healed up. We have experienced benefits over benefits of this action. If we do recite for any task, we are benefitted.

(An Afflicted Mother)

Disappointed mother of sick son:

My colleague's son was suffering from Asthma and severe fever. She called one but I was sitting to listen to Dars. I said to do the action of "Afahasibtum and Azaan." She started this at the same time. After some time her son was relieved. Next day she told me that I was feeling such it was the last thing of my son. As you have told me this action, since that I am reciting it after every hour and blowing. Now my son is perfectly in peace and mute.

Healing from most severe paralysis:

A Qari sahib (religious teacher) comes to our home to teach Holy Quran to my children. One day he said to me that my father is seriously ill. Suddenly at night he was severely attacked by paralysis and he became senseless. My husband told him the action of "Afahasibtum and Azaan." Qari Sahib said to us Doctors have given up the hope, I am going to my village and I came to give you this message. My husband again told him to recite it and continued. It is due to Allah and His Purity and Greatness. Insha'Allah, Allah shall bestow upon you. Anyhow Qari Sahib (religious teacher) went to the village, his whole family assembled assuming that his father's last moment have come, but Qari Sahib told me that he continued to do, assuming it the last hope. Allah had granted a new life to his father and his condition improved. When Qari sahib told all these details to my husband I was extremely happy and my belief further strengthened on the action of "Afahasibtum and Azaan." Now I do tell with full confidence to other people that whatsoever the world and task is difficult, by the blessing of Allah this action it is resolved. (Sister of Muddassir, Lahore)

Hatred from music:

My younger brothers were very fond of song and music. They used to listen to Roman songs with affection. In the beginning I was also fond of it but by the grace of Allah it is completed finished. I use to advise brother as well but they did not comply. By now I use to recite the action of "Afahasibtum and Azaan" on behalf of the brother intentions and blow on them imagining them. Now there is some effect that the fondness of songs is reducing and when I use to recite the action, why they turn off the deck

automatically. By the grace of Allah, I am sure if I may continue the reciting regularly they will cease to listen to songs completely. (Not shown)

because the doctor could not diagnose it. One doctor said that it is food allergy whereas another said that it is food allergy whereas another told I had allergy in my blood. Someone said that there is no solution to this allergy. It is once started, it last for the whole life. You have to take medicine lifelong. He was playing in his carriage the CD of Surah Al-Baqara. Suddenly the CD entrapped in the player. Perhaps it was old. My friend tried his best to bring it out but it didn't come out. After completing that assignment, on the way home he again tried to put it out with visiting card then I said to him if it's not coming out leave it there. At the beginning of the action she used to forbid and asked what are you doing? Sometime she use to re approach Hazrat Sahib that she had such action. His practice continued and after all we were in contact with Hazrat Sahib and continued the action of Azaan and recite. Along with this action we did something to read so Al-hamdulillah. She is quite well. (Muhammad Ejaz Sahib)

Healing from heart attack:

One of the friends tells that he listened to the action of "Afahasibtum and Azaan" from Hakeem Sahib Damat Burkatahum. One colleague who is employed in our office said his father was ill and was admitted in Mayo

Hospital, Lahore. He had the problem of heartbeat. He was shifted to ICU. He was very worried. I told him the action of “Afahasibtum and Azaan” he told him to recite Azaan seven times and last four verses of Surah Al-Muminoon and blow into patient’s right ear and then left ear. He did this action, but the blessing of this his father recovered and returned to home and he is Al-hamdulillah quite well.

Due to the Action of Azaan, the Regularity in Prayers:

By the blessing of Azaan, Allah gave divine guidance to offer prayers to those people who were despite the time of prayers neglected and would not offer prayer. They used to waste their time here and there. By the blessing of the action of seven times Azaan, Allah gave them the divine guidance of prayer and virtues deeds. (Khurram Shamsi Sahib)

The cure of intense pain by the action of “Afahasibtum and Azaan”:

Three days before, very intense pain started to happen in my wife’s body. The pain was so intense that we were thinking about to take her to the hospital. Meanwhile she placed her right hand on pain side and recited Azaan seven times. Due to the blessing of this, half the pain was removed. After that I reached home and then I place my hand on the side of the pain and recited at the starting and ended with reciting seven time Durood Shareef, once Surah Al-Faatiha and seven times the last four verses of Surah Al-Muminoon and blew it up on the area of the pain. The pain removed as it never happened. She was also very surprised and astonished that such intense pain by the words of the Holy Quran where

we were intending to go the hospital. After that day the pain never occurred again. (Maqbool Ahmed Sahib, Civil Secretariat)

CMH doctors surprised how this woman survived:

Approximately two and a half week ago, my maternal aunt had undergone bypass. Although she recovered, the next day gases started filling up in her abdomen. Doctors had shifted her on ventilator. About nine to ten days living on a ventilator, doctors declared her incurable. Her urine also had stopped. Doctors said that it was the last chance to take out her small and large intestine from her body through operation. They also operated it and then told that there is only one percent chance of her survival. For about fourteen to fifteen days she was kept on the ventilator. Her lungs were also working through a machine.

Last Thursday I requested to Hazrat Damat Burkatahum that he may tell me any special action. Damat Burkatahum said that all family members may recite after every half an hour seven times the Azaan, the last four verses of Surah Al-Muminoon and at the starting and end seven times Durood Shareef then blow first into her right ear and then into her left ear. On the same Thursday, the doctors said: we are absolutely disappointed and we have kept her on machine only on your request. Whenever you will tell us we would put off the machine and instantly her death will occur. Her children requested to give them three to four days. They had to recite up to the following Sunday night; they used to do it after every half an hour. Along with it they gave Sadqa of goat and any other's flesh.

Sunday night, her respiration restarted although the doctor had already told them you may do whatsoever you would like to do. The doctors also

said that we could invite any specialist from abroad, you can also do that. The total treatment expenses in CMH raised in millions. She had also called her daughter from Canada that she might have last look at her. When her daughter arrived on Sunday, her mother was in sense and talk to her daughter with gesture.

Doctors were also surprised that how this woman survived. They did not understand until now that this patient, who had undergone every sort of treatment and efforts, had survived. And now one week has passed, she is talking in gesture and symbols and her family members are still continuing the action.

He fell, became senseless stood self and walked through:

A few days back I was purchasing some goods and article from a shop that I heard some noise that someone fell on the road while he was walking. He has become senseless. Imagination him, the shop keeper recited and blow on him of the action of "Afahasibtum and Azaan." After some minutes that person stood himself and started walking toward his home. The people wanted to take him to the hospital because he had become senseless. The crowd assembled there was very much surprised. That shop keeper had also followed him up to his home and told the family members that he had fallen down on the road and Allah had saved him due to the recitation of this action. He also gave them the action of "Afahasibtum and Azaan" write on paper. They were very happy and they had also made reciting in their routine.

Incurable patients and incurable diseases:

Usually incurable patients do come to me. Few days ago, a fellow came to see me. I said to him I see your case is incurable. Doctors have told you the same. Now for the sake of using, use this medicine as a token and along with it recite "Afahasibtum and Azaan" with seven times Azaan and seven times the last four Surah Al-Muminoon. After reciting it, blow into the right ear of the patient first and then into left ear. It is better to do with wudhu other this action be done without it. Repeat this action every half an hour. If the patient is not present in front of you, visualize him and blow it on him.

Believe me, after seven days only I was informed that those patients who were counting down his last breath and was in the last stage of his life, now is standing on his own feet and taking meal with a spoon. That patient who could not take a draught of water through a spoon, he himself is sitting with a pillow, taking a meal himself and holding a cup in his other hand.

Brain tumor and the action of "Afahasibtum and Azaan":

My daughter was admitted in Services hospital. The doctors had taken all tests and then declared that she had brain tumor. The girl was in stage of Coma. We contacted to Hazrat Damat Burkatahum replied that do not have an operation and said: Recite the action of "Afahasibtum and Azaan" after each half an hour. Three days of us passed in such a condition that we thought that the girl would expire and expire, but yesterday morning she returned to her senses and also talked with us.

(Maulana Aasim Sahib Hifzahullah)

Why do you have a surgery?

I said to him (Maulana Asim Sahib) is that why do you had a surgery? This mendicant is a servant to a mosque. I asked him “so you would have a surgery of this girl?” it is an estimate of minimum rupees of five to six lacs. Where would you get the brain tumor surgery from? Your salary is just five to six thousand rupees. How will you fulfill your domestic expenses and how will you have operation? I told him that you may recite the action of “Afahasibtum and Azaan” after each a half hour and your wife may also do this. He said to me that three days had passed in such tension that the daughter might collapse at any time. Now he says that we have talked to her and she responded.

The action of azaan:

The niece of my office’s peon was admitted in Sheikh Zayed hospital in a very serious condition and senseless. Doctor said: No medicine is effective only you may pray for her. He was very upset and sitting with me. I told him the same action of “Afahasibtum and Azaan.” I said to him to blow it seven times in to her both ears.” This must be done three times in a day and after each hour blow last four verses of Surah Al-Muminoon. Now on the very first day after blowing it into her ears, she had come to her sense. All the patients of the ward and the doctors were surprised how did the girl survive? Al-hamdulillah. After this experience the patients of the whole ward and the attendance used to do the action of “Afahasibtum and Azaan” and spread throughout the hospital.

Women's quarrel ended:

Yesterday night after about 8.00 pm in front of my house some women were quarrelling and a crowd was assembled to see them. My daughter said to me that I may recite Azaan so Insha'Allah the quarrel will be ended. I started to recite Azaan and as I recited the second time the noise of the quarrel ended. My wife came out of the house to see what the matter was then there was no quarrel and no crowd on the street. Allah Pak has ended all evil deeds due to the blessing of Azaan.

(Ghulam Mohammad, Lahore)

Inactive foot recovered:

There was a premature birth of a child. The muscle of the child's one leg was weak .He could not place his foot on the ground. I told him the action of "Afahasibtum and Azaan." I had the intention of the healing of my sister-in-law and the brother. Now Allah Ta'ala has bestowed upon him and the doctors have said to bhabi that we are not giving him tablets. This child is improving and the bhabi (sister-in-law). This relief was achieved on reciting only few weeks. Now my brother is not suffered from knees pain.

(Sister of Abdul Rauf, Lahore)

The house is felt cumbersome:

Respected Hakeem Sahib, we have adopted permanently, "the action of Azaan." Now it is of the situation that if we do not recite Azaan in all the four corners of the house, the house is felt cumbersome. The day one which my sister had to go for practical, the previous night she suffered from a fever. The mother recited Azaan seven times and then she said she

was feeling her condition light and fresh. She recovered without the use of medicine. (Sister of Umair, Lahore)

Door for door less and support for support less:

It is the case of recent May, one fellow whose name is Habib Ahmad came to my clinic. He said to me, my paternal aunt suffered from severe paralysis. Her condition had been deteriorating and ultimately she was totally paralyzed. For walking she had to take support of two people. I blew the action of "Afahasibtum and Azaan." Allah bestowed upon her and now my aunt walks herself without any support.

The impact of relation or connection:

The fever of my five month's old son was not decreasing for three days. We used medicine and also prayed. On the fourth day we met Hazrat Sahib. We told the condition of child. Hazrat sahib told to recite the action of "Afahasibtum and Azaan." It is to be mentioned that the same action we were already doing but as we did after the instruction of Hazrat sahib, the impact and influence was so much enhanced that we recited and blew only for three times, the child recovered. Al-hamdulillah.

(Hassan Hashmi, servant, Ubqari, Lahore)

The key to the peace for children:

My niece who was three month's old used to weep very much. My sister and I came to Hazrat sahib. Hazrat sahib told us to recite the action of "Afahasibtum and Azaan" and blow into the ears of child. From the day till now whenever she weeps, we use to do that action.

By the blessing of this action she lives peacefully for the whole day and sleep calm and quiet at night. Now her mother is also very peaceful and calm. (Muhammad Bilal, Lahore)

The maid patient is only five percent alive:

In the delivery case of my friend's sister, the bleeding continued. Doctors made much effort but the bleeding could not be stopped. It was up to the extent that bottles of blood were transfused. Doctors used to say that the maid patient is only five percent alive. Her family members were also worried. They all were reciting Surah Ar-Rahmaan. When I came to know about her, I told them to recite the action of "Afahasibtum and Azaan" to recite repeatedly and blow into maid patient's ear. Her family members did it devotedly with madness. Every relative that came to see her, they use sit them to reciting. Thanks Allah, this action gives so many results that not only myself, but all of them were surprised. She was transfused much blood and suddenly one day the bleeding stopped. Now she is quite well and fully recovered. (Muhammad Hassan Rana)

Compliance easy and benefits many:

My paternal niece had suffered from Dengue fever and doctors advised various test. In the reports dengue virus was confirmed. I believe after reciting the last four versus of Surah Al-Muminoon into her ears. Next day the doctors checked the fever. He advised to repeat the test and in the reports there was no sign of dengue virus. By the blessing of surah Al-Muminoon, the dengue finished. Once there was an acute pain in my

niece's. I recited and blew the same verses of Surah Al-Muminoon into her ears. Her headache was completely removed.

(Tayyabiah Chowdhry, Lahore)

Domestic quarrel and restlessness:

Hakeem Sahib, I had told you that my son is very impudent and immodest. Same as my husband use to cry and became rage usually and often and during this moment doesn't listen to anyone else. Due to your proposed the action of "Afahasibtum and Azaan" both were under control. It happened, and then unintentionally, I left this action. And as a consequence, there was again the same domestic quarrel and started restless again. Now I am reciting the action again before and after Fajr prayer regularly and as a result there is again peace and tranquility in our home, Al-hamdulillah. (Azra Jamal, Lahore)

The astonishing experiments of the action of "Afahasibtum and Azaan":

Hazrat Ji, I have some experiences and observation of the action of "Afahasibtum and Azaan" which I am sending to you.

1. Children who evade to go to school and do not take interest in studies, recite the action of "Afahasibtum and Azaan" and blow into their ears for only three days, morning and evening seven times each. But recite in loud voice and then see the miracle.
2. Most children do not obey the orders of parents, for such children; blow the action for eight days continuously. Insha'Allah, you will get the best results. (Hafiz Muhammad Asif, Mandi Bahauddin)

Is this even possible?

Hazrat Ji, one observation has surprised me too. In April or May 2011, I was returning home from Lahore after listening to your dars. I received a phone call, some lady talk to me behalf of my friend:

I am calling you from Al-Shifa International Hospital Islamabad. My husband is in hepatic patient and doctors have a reply that his liver has totally collapsed. Doctors said to take him to America and his liver might be replaced there. During the talk, she was continuously weeping and was saying that financially we cannot afford to take him to America. I said to the lady: Bibi do not shed the tears in front of me, I am a helpless slave as well. If you shed these tears in front of the Almighty Allah Kareem Jell-e-Shanaho then Insha'Allah, your husband will definitely be recovered. I told her the same the action of "Afahasibtum and Azaan" and said to her to recite Surah Kausar continuously in the free time. After two days, I received another phone call that the condition of my husband is better and he is referred to India, the expenses are less than compared to America, we cannot think of going to America. He also told me that after completing the final medical report in ten days, they will refer us to India. He said to that lady to do the action with full concentration, Allah will definitely help you. Hazrat Ji that bibi did the action with will full concentration consciously for ten days, weeping in front of Allah.

Hazrat Ji about ten to twelve days later when the final reports came to doctors, all of them was surprised. And on the same day a board of eleven doctors at Al-Shifa International Hospital, Islamabad, met and checked the reports again. They were astonished to see the two weeks previous report

The Miracles of Afahasibtum and Azaan

and the present final report. On which they had referred the patient to India. They said to the patient that you are not suffering from any liver disease at all, but only a little fever and cold. The board of those eleven doctors discharged him saying: Arshad sahib, you are miraculously recovered from Allah. The word miraculously (Mojiza) uttered all the doctors and exactly after one month Arshad sahib was at his home again. Hazrat, this miracle is due to the action of "Afahasibtum and Azaan."

(Hafiz Muhammad Asif Mandi, Bahauddin)

Unless self is dead, there is no grave spare in graveyard:

Hazrat Ji, I witnessed there was a devilish object that was behind a woman and use to tease her by each and every means and actions. Before coming to me, she had consulted with many durus. Somebody gave her something to drink and some other amulets etc. to wear or flow but acquired no relief. Now she came to me then I told her an example of Punjabi language: unless you die, there is no grave for you in the graveyard. I said to her that I shall do certainly and blow it upon you, but you yourself have to do something. She replied: I shall certainly do it. Then I told her the action of "Afahasibtum and Azaan." When she started this action, then the devilish evil started teasing her more intensely. She complained to me that I said to her: this is timely worry, Insha'Allah you will be fully recovered. She continued the action. I told her about the spiritual bath along with this action. Due to the recitation and blessing of the action of "Afahasibtum and Azaan" and the spiritual bath, she recovered in four to five weeks.

Hazrat Ji after meeting I also have reduced to right amulet. The people who come to me I have made them beggars of Allah Kareem and will continue to. Hazrat Ji, this is all because of you. Wasallam.

(Hafiz Muhammad Asif, Mandi Bahauddin)

Headache ended by Azaan:

I recited the Azaan into my youngest brother ear in the same way you had told me. Actually his head was bursting in intense pain. Due to the action of Azaan, he slept peacefully. Once I was also suffering with a severe headache, I did the same for myself. Thanks to Allah, the headache was gone in the morning.

(Farhat, Lahore)

The scab gone:

A woman was suffering from a scab severely. Not only herself but all her family members was affected by this disease. I gave her: the action of “Azaan and **اللَّهُمَّ بِاسْمِكَ** Allahuma Bismeekeh.” They are reciting until now, thanks to Allah. The disease of scab has been removed from them whereas they were tired of the treatment from the doctors.

Deliverance from theft, wickless and naughty jinnat:

In the earlier days, various and precious costly articles and goods have been disappeared from our house. My wife use to hear much strange peculiar voice in her ears. Sometimes it appears that someone is pressing and suffocating my wife's throat. Hazrat Ji gave me the action of “Afahasibtum and Azaan.” Thanks to Allah, we now have peace and tranquility in our house with happiness. (Muhammad Faheem, America)

Heart problems and effects of jinnat removed:

I had heart problems and effects of Jinnat's. I have acquired much relief due to the action of "Afahasibtum and Azaan."

(Mrs. Laiqua Sultan, Lahore)

Bounty and bounty, healing and healing:

1. Firstly, I read it myself and due to this acquired healing. To whom I have given it he was benefitted and was healed.
2. On October 15th, my brother told me on the phone, that his two year old son is admitted into the hospital and he is suffering from shocks. His fever is also high. He was bitterly weeping on the phone that the son's condition is critical. Doctors say that he has a neck breaking fever. Immediately I rushed to the hospital with my daughter and took the recipe of the action of "Afahasibtum and Azaan". As we reached there, the child was unconscious. Much type of machines was attached to him. Immediately after reaching there and gave Sadqa. My daughter and I started reciting the last four verses of Surah Al-Muminoon seven times, seven times Azaan with Durood Shareef at the beginning and end and the four Quls, and blew in the right ear and then the left ear. We continued to recite for three hours. Thanks to Allah, the child returned to his senses and the fever also reduced. Doctors had advised many test and one test was to be carried out instantly which was done by taking water from the spinal bone. We use to recite up to twelve O'clock at night. Then I came back to home leaving one copy of the recipe of the action of "Afahasibtum and Azaan" for my brother. I

said to them Insha'Allah no further test will be required. I will also pray for him at home, but you may continue to recite these verses. I also gave the water to him on whom I had recited to blow these verses and duo Anmol Khazanay. Next day I asked my brother about his son then he told me that Al-hamdulillah now the condition of Abdullah is much better. I went to the hospital; the child was much better and had improved. Whereas the doctors could not diagnose his disease and had advised them to keep the child in the hospital for many days. Due to the blessing of the action of "Afahasibtum and Azaan", they went home the next day without carrying out any more tests. Now Masha'Allah, the child is very well and physically fit.

3. In my neighborhood, the lady Amana's condition was very bad. She was taking medicine from the doctor for one week, but there was no relief. She called me through her brother and told the reality. With the intention of looking after her. I went there and recited the action of "Afahasibtum and Azaan" and blew into the right ear and then into the left ear and gave the water to on which I had recited these verses and the words of "Dou Anmol Khazanay." On the very next day, she came and told me that that eighty percent of her problem was removed and thanked me. I said to her: now you may continue to recite the action of "Afahasibtum and Azaan." Allah Ta'ala will bestow his blessing upon you. (Mrs. Laiqua Sultana, Lahore)

Same as nothing happened SubhanAllah:

One night I was sound asleep. Suddenly my eyes open. I felt like someone lifted me up. I did not guess what happened. I managed my children and lay again. After that my condition deteriorated gradually from bad to worse. It worsened so much that I felt I am looking at my children for the last time. I woke my husband from his sleep. He was very much worried on seeing my condition and took me to Services hospital Lahore. There I went through all necessary tests but my condition was not under control or improved. The doctors advised me to get admitted in the hospital but due to my children I returned to my house and slept. In the morning when I woke up my condition was the same rather than worsening more. My husband went to the Ubqari office. He could not meet Hakeem sahib but told my condition to Ansari sahib. Ansari Sahib said that your house is under the influence of magic or evils and your wife is reciting the actions to remove those so they are teasing you because you should not recite the actions or functions. Ansari sahib said to recite the action of "Afahasibtum and Azaan." At night my husband recited the Azaan but didn't recite the verses. After waking up in the morning recited the action of "Afahasibtum and Azaan" and blew it in my ears. Believe me hardly five minutes passed, I stood in such a way that nothing was happened to me. Now my husband keeps reciting regularly the action of "Afahasibtum and Azaan." Similarly my ears use to flow due to tonsils, by the blessings of the Azaan, the wound of the ear dried and recovered. My children feared at night, now thanks to Allah, I am ok. My husband used vegetable due to uric acid and sometimes the problem increased so much that he lay on the bed and

could not move his leg. Due to the functions you have told the problem is left so nominal. He recites regularly the actions with delight and pleasure and he did not use any medicine. (Mrs. Aamir, Lahore)

Worse domestic circumstances, joblessness and debt:

Hakim sahib had suggested "Dou Anmol Khazanay" to end the worst domestic circumstances, joblessness and not receipt of debt but I could not comply. Later on I read in the monthly Ubqari the action of Azaan. So after that I blew the action in all rooms of the house. Now I have been benefitted in my domestic circumstance. (Mohammed Idrees, Abbottabad)

Do it with concentration, Allah shall bestow upon you:

I went to visit my sister for nursing. She was seriously ill. I recited and blew into her ears the action of "Afahasibtum and Azaan" which was given by my guide. Al-hamdulillah she got relief. In my neighborhood somebody came to know about it then they asked me "Baba Ji my mother had suffered from paralysis, please tell me any function. I told him the action of "Afahasibtum and Azaan" and said: Do it with concentration, Allah shall bestow his blessings upon you. After three days, the neighbors met and were very happy. He said to me Al-hamdulillah our patient is far better now. (Muhammad Aslam Jawaid, Lahore)

And that one which I experience:

It was a story of this May when me and my colleagues were collecting the observations of the action of "Afahasibtum and Azaan" in those days I was sleeping one fast at night, suddenly I felt a throb in the thumb of my foot. It was such a severe pain that my eyes opened. I saw that the thumb of my

foot was swollen. I got up to take and apply some medicine for treatment, according to our Prophet Nabi (Sallaho alaihe wasallam.) Meanwhile I remembered the action of “Afahasibtum and Azaan” and I recited it despite the condition of acute pain.

Al-hamdulillah. Summah Al-hamdulillah, the pain immediately was removed but the swollen remained until the morning. I showed the swollen to my colleagues in the morning.

Travel on common fair in season:

Once there was an intense sand storm. We were very worried. At once I remembered the action of Azaan. I started to recite the Azaan, and continued to recite. By the blessing of it, the sand storm stopped. Similarly, we were going to Bahawalpur because the Eid days were near so the conductor asked for extra fair. We recited the action of Azaan and by the blessing of it; he accepted only 600 rupees instead of 1000.

(Faqir Muhammad Asif, servant of Tasbeeh Khana)

Blow from Germany telephonic call and instant healing:

Respected Hakeem sahib, I wanted to narrate my observation to you. My mother had once suffered from very peculiar problem. In those days my brother was in Germany. (Khadijah Gul)

Through dream manifested the benefits of action:

I have acquired many benefits in my spiritual and physical problems by the action of Azaan. Now recently I dreamed that some very strange and peculiar object is penetrating in my nose and I was in intense trouble. I

tried my best to eject that object but it was not coming out. Then in state of dream, I started reciting Azaan, by the third Azaan, that strange and peculiar object ejected out automatically. (Amina Jamal, Lahore)

In monthly Ubqari, I read the action of Azaan and started its function. Thanks to Allah, by the blessing of this action so many pending assignments started resolving. My husband got a job, and all my domestic problems were finished as well. Thanks to Ubqari.

(Saadia Malik, Muzzaffarabad)

Oh my Allah, how bountiful you are:

Hazrat sahib, I thought in my mind that why not that the action of "Afahasibtum and Azaan" be downloaded in cell phones and recited in the morning and evening and then I did so and Al-hamdulillah and whenever I faced any trouble or worry, I inserted headset in my ear and listened to the action of "Afahasibtum and Azaan." Allah Pak resolved my problems, the same actions I perform for peace sleepover. Similarly, I have written the action of "Afahasibtum and Azaan" in my CD. Also, I listen to the action during the drive and at home. (Muhammad Shoaib, Lahore)

Prayers approbated:

I do recite the action of "Afahasibtum and Azaan" seven times after Isha prayers and seven times before Fajr prayers. Hazrat Sahib, due to these actions which you have given to me, I have benefitted that whenever I recite and blow on my minds and on my body, all my pain in my body reduced, ninety percent and my prayers are approbated.

(Ahmed Saeed Rehan, Gujrat 80 years old)

Allah is protector:

My son was a TV employee, one day he said to me that the TV management has discharged employees from the job. They have relieved my head of department. I said to him not to worry, Allah the merciful should make you head of department in lieu of him. After some days, the management designated him as head of department. After a few days, he said: TV management is totally abolishing the department and laying off all the employees. I replied to him: Allah is the Protector that may relieve all but they will not discharge you. The management as abolished the department and lay off all the employees, but my son is still in service there. There are all the miracles of the action of "Afahasibtum and Azaan."

(Ahmed Saeed Rehan, Gujrat 80 years old)

Long live my sweet guide:

I am not a doer nor have too much knowledge. These are the action only which have been told to us by Hazrat Ji. Anybody that comes to me realizing me revert or venerable that baba Ji you are a devout (namazee) person, blow up on as I am suffering from a headache. I do blow after reciting the action of "Afahasibtum and Azaan" or any other function in my heart. Master the merciful bestowed upon him and the person recovered. So many diseases but the action is only one:

Hakeem Sahib you have told I followed all the function in your lesson (Dars) and I have benefitted much more but I shall tell you about the

action of “Afahasibtum and Azaan,” and the benefits we have gained by reciting it. My mother fell ill severely. Her uric acid increased, and was admitted into the hospital. She is also a heart patient and her heart was not pumping the blood properly. The uric acid affected her kidney badly. After being intensely sick, she had returned home. She was suffering from knee acute pain. She was unable to walk on foot and could not digest a meal. She could not sleep at night either. She could not expand her feet at night. We use to take her to the washroom but supporting her with difficulty. Briefly, she was suffering from intense pain. She was under treatment in the hospital under doctor care, but there was no relief so far, when I heard about the action of “Afahasibtum and Azaan” in your dars (lesson), my mother recited the same after all five prayers. You believe me after some time, the pain in my mother’s feet reduced gradually. Before this relief use to lift her for walking, now she walks herself on her own feet, and goes to the washroom without any support. Her health is also improving. (Mrs. Ghazala Rehan, Lahore)

Visa granted:

For about one year my niece was not getting visa and all of us were worried. Her delivery time was coming nearer and it was very necessary for Bhabi (sister-in-law) to be with my brother. My brother is in Hong Kong. We did recite Azaan three or four days only then on fourth day she was granted visa and within one week my Bhabi reached Hong Kong. Now Masha’Allah she gave birth to a son. (Mrs. Ghazala Rayhan, Lahore)

There are two diseases only:

Muhtaram Hakeem Sahib, in day time, Phlegm was filling in my mouth frequently. I recited the action of "Afahasibtum and Azaan" after two to three prayers then my phlegm became normal and stopped. Actually there are two diseases one is stomach and the second is cough of phlegm. Therefore I quote and narrate both in my every experiment.

(Farhat, Lahore)

It is called sadqa continuing:

Respected Hakeem Sahib, once I saw in a dream of a woman reciting the action of "Afahasibtum and Azaan." On listening from some distance I said that this is called Sadqa continuing. Hakeem Sahib states correctly that tell the action to people, it will be Sadqa continuing for you.

(Farhat, Lahore)

Gave up medicines:

Hakeem Sahib, my cousin used to tell me that we were recovered due to the blessing of prayer listened in your Dars. She told me that my younger sister used to recite the action of "Afahasibtum and Azaan" and blow on us and on water. Because of the blessings of this action, she gave up doctor's medicine and recovered only from this one.

(Farhat, Lahore)

Benefit of azaan listening on TV:

Muhtaram Hakeem Sahib observes the blessing of Azaan. I heard the Azaan on TV with concentration and then by the blessing of this the pain in my stomach which occurred after taking meal was fully recovered. I was surprised that only in listening of Azaan, it pertains so much blessing and on reciting what would not be achieved.

(Farhat, Lahore)

Seeing the strange dream:

One night I saw a dream that two to three Jinnat have tied me with chain and gripped my chest with force and lifted off my chair in the air. I was in my house courtyard. In this house we used to live for one year and some months. Meanwhile I started to recite Azaan, now I hardly recited twice or thrice or less than that the Jinn said to me that its solution is not with you, it is with Hakeem Sahib. (Faqir Abdul Ahad)

Life is not composed of wealth but deeds:

It is an old story that I was a little boy. An old man said to me while walking. At that time I could not understand, after a long time I understood that talk. I understood this much that "This life is not made of wealth but by actions." It was not understood in such depth but the vicissitudes of fortune and the experiences of morning to evening resolved this perplexity. It gave the answer of the question.

In recent days one fellow used to say that watering out from my children's eyes did not stop. He is so rich person that said no to it he was ready to consult a very famous and specialist person but he immediately realized that why not the action of "Afahasibtum and Azaan" be recited. And then after reciting many times in a day I blew into ears. He did it for two days. He then forgot it. Allah Ta'ala removed from his mind when he observed the eyes of children, the watering from eyes had stopped. Oh Allah's friends, Allah has bestowed upon us so much blessing that we can resolve all problems.

Due to the blessing of azaan, defunct calculator is operative:

A youth told me that last month I was preparing for final exams. I was busy in preparations in my room. Suddenly, my calculator stopped working and choked. Its plus (+) button was not working. I turned my mind to this fact that every work is carried out by the orders of Allah. Immediately recited Azaan seven times and blew on calculator and kept it in the sunlight for a while. Then tried to run it but it did not operate. I thought that how it is possible that I have recited Allah's name and it would not work. I gave it to my sister and she caught in hand and it started working. I got this benefit due to the blessing of Azaan otherwise I had no time to buy a new one from the market.

Lost article found:

I have come from Islamabad. Hazrat Ji Damat Burkatahum had told the action of Azaan and once said that besides doing each action may continue it. I have experienced this action many times, specifically to search any lost article. I use to recite Azaan seven times. My mobile phone, which was very costly, lost in university bus. I recited Azaan seven times and entered into that bus again. I saw that the windows and door of the bus were opened. Driver and conductor were standing out of the bus and my mobile placed safely on a seat. Nobody had put it from there.

Same as once the original documents of my brother were lost. It happened so that he was driving a motor cycle and was passing through beneath Faizabad Bridge, fast air stroked shopper and all the documents scattered away but he was not aware of it. Approximately five kilometers a head he

imagined of the documents then he returned the same way, where the documents were scattered. Then he recited Azaan seven times and started finding the documents. Al-hamdulillah after few minutes all the documents were found.

Apart from this we went to the court with our father. One employee over there was not working to search our file. After spending some time we persuaded him and he started our file on which we had to give our statement. It took much time in searching. I started to recite Azaan and till had recited twice that the file recovered.

(Abdul Wahab Chattha, Islamabad)

Kicked the paddle and it started immediately:

My motor cycle was out of order for 15 days. I tried best but it could not start and took it to mechanic. He said to me: take it to another mechanic. I recited Azaan seven times and kicked the paddle and it immediately started just like a dead is alive. Apart from these there are other observations for protection.

Solution to trouble:

One fellow was telling. I was a just newcomer in your Dars (lesson). When Hazrat Damat Burkatahum had told the action of "Afahasibtum and Azaan" to me my circumstances were worse and I used to face a new problem daily.

Friday morning I had to go early to my work. When I came out of the house, some distance a head to Jinnah hospital my friend met me. I came out of the car but my key was left inside and eventually it locked. It was morning time and no lock master could be available. All right I started to

recite Azaan. I had not remembered that last four verses of surah Al-Muminoon. My friend went to call any lock master would be available or not. I continued to recite Azaan. Some passerby also assembled nearby. Meanwhile, the friend informed that he is accompanying with lock master and I might not worry. Lock master came and tried his best for about quarter left to one hour but he could not be opened. I walked a head and used to think that this is some binding so due to this lock is not opening. Meanwhile going a head was reciting the third verse, the lock clicked and opened instantly.

Fever recovered:

My son who was four and half years old, one day coming home from school said to me: I have a headache, pain in my head and wait and intense fever. I gave him medicine but no relief was achieved. At that time the Holy Quran was with me. I recited the action of "Afahasibtum and Azaan" and started blowing into his ears. I did this action after every half an hour continuously. Al-hamdulillah next day the child fully recovered. Moreover I use to come here with the intention that obstruction and troubles on my work might be removed. Till I did not know that whether there is another assembly here after Dars (lessons). When I came to know about it, I thought let me sit in the Majlis-e-Majzubi. It is fortunate that we directly see Hazrat Ji Damat Burkatahum and perhaps he may see us. Al-hamdulillah my circumstances have been far better than there is hope to get rid of these worries.

Deliverance from bodily diseases:

Hazrat Damat Burkatahum had told the action of "Afahasibtum and Azaan." My mother had been suffering from the epileptic fits for thirty to thirty-five years. Apart from fits, she used to suffer from pain in the whole body and head all the time. Now due to the blessing of this action, Thanks to Allah, the pain of her body and head is removed and now she is far better.

Secondly my four year old son, since birth, has been suffering from permanent pain in his leg. Seldom, pain was to be so intense that no medicine were effective and could give him relief. So for this I recited the action of "Afahasibtum and Azaan" and Al-hamdulillah now he doesn't suffer from pain and whenever it affects, we use the same action and the pain removes immediately. (Abid Abbasi, Mansehra)

Healing from chronic thyroid:

Here in Dars Hazrat Damat Burkatahum had told me I went to my village, there is my young sister. She was suffering from thyroid for a long time and it would not be removed. I was short on time. Therefore I recited Azaan seven times at a time and blew into the right ear and the same seven times into the left ear. Similarly I recited last four verses of Surah AL-Muminoon seven times and blew into the ears and I returned to Lahore. After two or three months on vaccination, I went again to my sister and she said: Brother you may blow on me again. My fever had already finished from the first blow. (Captain Habibullah Azhar)

Full attention in academic syllabus and prayers:

Last week one of my cousins said to me that I am neither taking interest in studies and nor in prayers. His studies in college and in those days he was appearing in papers. He says whenever I use to sit for studies my heart is disgusted and I leave reading. I said to him whenever you go to prayers or sit to read syllabus books, recite the action of "Afahasibtum and Azaan" and insisted him to tell me after two days. He did not tell me but after four days we met and I asked him: how are you? He said to me I did the action only once and after that I am quite well. I am not disgusted in prayers and nor have bored in preparations of my papers.

End of all troubles:

I have been just informed that one husband and wife who are Pakistani citizen and now days are residing in America. Wife is employed in an American agency and her husband is in the American air force. The wife has been under the influence of invisible power for the last twenty six years and since that time had been in anguish. Whatsoever they earned all had been spend on disease. When she was in Pakistan, she use to attend dars (lesson) too but at that time she did not give much attention to the action. When she went to America, then there she listened to the Dars through the internet and started the action of "Afahasibtum and Azaan."

Due to this action Allah Kareem has nullified all twenty six years old effects and now she is fully recovered. Meanwhile she told me another even that she made a bag and put some cash in it and after reciting Surah Al-Kawthar 129 times along with seven times Durood Shareef at the beginning and end and started this action. This gave us such benefit that

previously that money which spent on the treatment that one is saved by the blessing of it. Now she is very easily says that now I have so much money that on returning to Pakistan I could take gifts for my relatives and friends. She has achieved much blessing and benefits by that the action of “Afahasibtum and Azaan” and Surah Kaiser. (Mohsin Ansari Sahib Hifzullah-e-Taala)

Thanks to the Almighty:

My one and a half year old son suffered from Dengue fever. We did spiritual bath and the action of “Afahasibtum and Azaan” after every hour and only in two days the child was recovered. Apart from this our whole team had been heavily burned and the work could not be completed despite working for 18 to 19 hours. I use all tactics but got no results. One day I was thinking over it what the problem would be, that the worries enhanced so much. Perhaps there is some missing in our actions then suddenly I thought one thing in my heart that the members of our whole team do offer our prayers in late time. We did offer our prayers separate individually after the time of congregation passed. We committed at least due to business in work we have not to leave prayers and we did the same. Believe me we did experience this action, only in two days all pending work of one and a half month finished. That work which could not be completed and finished despite working for 18 to 19 hours the same work completed in only two days after spending three to four hours a day.

Due to the blessing of protective actions, security from fatal accidents:

This event is of 23rd Ramadan, that I went to leave my children at their maternal grandmother's house in the morning. When I was returning from the house, I recited the prayer **بِسْمِ اللّٰهِ تَوَكَّلْتُ عَلَى اللّٰهِ لَاحَوْلَ وَلَا قُوَّةَ إِلَّا بِاللّٰهِ** 125 times, eleven times **يا حفيظ** Azaan and last six verses. On that day it had rained and at one side of the road, there was mud. I was driving at the speed of sixty and when I was overtaking then in front of me there was a

hand cart and from the other side another motor cycle was coming. There was no space between the two. I feared that the accident was obvious, but I did not know what happened. I crossed safely from the side and eventually the motorcycle which was coming on front side was also saved. Though I could not understand how it happened, but I thought that it was due to the prayers which I had recited. Almighty Allah had saved me by His blessing. (Mohammed Asif Sahib)

Persisting on each matter:

My niece Sadia, who is four years old, is not taking interest in studies. She use to weep very much and persists on each matter. Does not obey orders and take meals in small quantity. Her legs are affected by shocks and sleeping at night. She raises her legs up and hit them down forcefully. She also sleeps inverted. The family members were of the view that she might be having worms in her abdomen. One night she was sleeping besides me. I experienced that she was raising her legs and hitting them down with force. I placed my hands on her legs and recited with concentration the function of Azaan. On reciting this legs stopped waving and she slept calmly and quietly.

Rings and prints on face:

Last year my elder sister has rings and prints on her face and due to them the pain was unbearable. Specialist doctors said you are suffering from very serious disease namely “Hyper” which is very painful. We had already experienced such type of disease because some months before one of our relatives had been suffered from this disease. All of us involved in tension but we were encouraged by “Masnoon action” which you had told us. From these I chose the action of Wudhu and the action of “Afahasibtum and Azaan” and recited to blow it into right ear first and then left after every prayer. Peacock fell severely ill:

Recently last week our most beloved peacock fell seriously ill. We gave it medicine on our own but the disease increased. One day I went to see it then I got stunned to see the sadness on it space. I experienced this first time in my life that the brightness of life lays into eyes, which was absent there. I placed its face on my hand and started weeping. I complained to Allah for my helplessness. Then I made wudhu (ablution) and collect four draughts of water in a vessel and gave to drink. After that I recited the

The Miracles of Afahasibtum and Azaan

action of “Afahasibtum and Azaan” and blew first into right ear and then into left ear. When I recited Azaan in loud voice my other peacocks were out of control with happiness and rushed towards me. They listened to the Azaan standing calm and quite. I was thinking that I may recite “Takhbeer” in the same way and the beautiful creation of Allah may listen to the intoxication. When I blew on my peacock then I realized that it was relieved and till evening it was much recovered. Now it is in full form and active with its wickedness. (Jahan Ara and Sana Fatima)

The drastic change in children:

Hazrat Wala you had written me the very first letter in Ramadan you had told me to recite “Duo Anmol Khazanay” and the action of “Afahasibtum and Azaan” which I started. There is a drastic change in my children. My son Mohammed Usman, who did not offer prayer and recite Quran, now, learns Quran daily by Qari Sahib. Although he does not offer prayers five times but perform three to four times. Daughter performs prayers regularly five times but the prayer of “Isha” performs in late hours. Similarly, she recites Quran but not as much as it should be. My both children are Hafiz-e-Quran. Yes it is a very big challenge. My son is studying for school examinations. He goes for tuitions regularly and also recites Quran daily. His attitude and mood also changed and he helps in domestic and home related assignments. It is all due to “Duo Anmol Khazanay”, Azaan and surah AL-Muminoon and above all it's your prayers that make our works. Please always remember us in your prayers. (Kahkashan Afzal)

I shall forgive you:

Female Jinn has entered in my body. The time is 1:30 midnight. Her duration is very long. When she enters in my body say to her that I know you are left alone. It is time you may refrain yourself from it, I shall forgive you, but she forcefully enters into body and started reciting Azaan very loudly and recite many times. Then she slowly ejects out from my body and I stand up. Hakeem Sahib, you have given me those function of Azaan that I have completed by the orders of Allah, your attention and the blessing of dars for four lacs sixty thousand times. This much I could not imagine reciting Azaan. (Arif Shehzad, Lahore)

Protection from ear pain and fever:

My ten year old daughter is doing Hifz. She uses to fall down occasionally due to ear pain and fever, and does not have strength to go to madrassah. By reciting the action of "Afahasibtum and Azaan" she becomes active and smart again. (Najma Amir)

Weeping of cats:

In the street there were so many cats crying loudly. I recited the action of "Afahasibtum and Azaan" then the coming voices stopped immediately. I stood up and made Wudhu (ablution) and sat down to write the dream word to word as it happened. For some time it feels that the body possesses no power. In case I sleep with my eyes open and it looks like something is going to happen. I do feel to go to washroom. Similarly my breath suffocates as no oxygen is passing. I order to open all windows and lie on bed. My heartbeats are increased. The whole body becomes powerless and then needles are felt being penetrated. The fear is overcast

so much that I grip my husband with full strength. Body started shivering and teeth making noise. Yawning and oscillating occur and watering from eyes. It looks like that there is any Jin around me or angel of death. I assume to be dying. My husband recites the action of "Afahasibtum and Azaan" and Azaan and gives to eat seventy Shifaain. Gradually the whole condition removes but the tiredness and fear of loneliness prevails.

(Najma Amir)

The cure of weeping children:

It is requested about Azaan that when my young maternal grand son was born, we had started coming in your Dars. When he used to weep or have any trouble then I did recite Azaan in to his ears. After some period he went to Dubai and now recently returned. Now he is one years old. There is much blessing in Azaan; whenever he weeps I do recite Azaan in to his ear. He attaches his ear with my mouth whereas he cannot speak and nor he has any sense. In the Holy Quran, where the ninety nine names of Allah are written, he touches that page. Secondly, in previous days I used to offer prayers at home randomly, but from the day I have been coming to listen to the dars, all my prayers are offered with assembly (Jinnat). Besides Tahajjud, Ishraq, Chasht and all Nafil prayers are regularly by the blessing of Allah.

(Hammed Sahib)

Cure of appendix:

My son Abdul Moiz is about four years old. Three days before he suffered from severe pain in his abdomen. I took him to private hospital. Doctor checked him and told he is suffering from appendix and he has to undergo surgery immediately. He told me to manage me an amount of sixteen to

seventeen thousand. If you agree I may phone and call the surgeon. I was very worried. The amount was not available too. All of a sudden my attention turned towards "Tasbeeh Khana" and I remembered the action of Azaan and surah Al-Muminoon.

I recited the action of "Afahasibtum and Azaan" and Azaan and blew into the ears of child. After sometime the pain removed and we returned home. Next day we went to the doctor, he said that the child has no pain why you are requesting for surgery. Thanks to Allah that we were saved, by the blessing of this action, from surgery.

The doors of blessing opened:

I had been affected by magic for the last six months. My friend gave me the Dars of spiritual class and said to listen it. The contents you will get from it shall benefit you much more. The Dars was of six hours duration approximately. I listened to it completely and immediately suggested that I may start the action of Azaan. I said to my children and I myself started to recite Azaan every time and besides in the morning 200 times Surah Al-Naas. After it happened that on that place where I had sat to recite, blood started pouring down from upward direction. The blood quantity was about six to seven square inches. The children were much frightened upon seeing it. I also observed it so as I had heard the fighting is started so I started the action with more power. Then after that the effects started reducing. The blood had poured down eight to ten times and then stopped. Now Al-hamdulillah all the bindings from me have been removed and now in my house and business have been bestowed upon with blessings and blessings.

Healing of sick daughter:

I have come from Chakwal; one event happened on Tuesday that one of my friends was much worried. I asked him: Haji Sahib why are you so much distressed? At the beginning he hesitated but when I insisted more then he told his daughter, who is a student of Islamabad University has fallen seriously ill of a sudden so that all family members are upset. I told them to recite the action of "Afahasibtum and Azaan" and said that all family members may do it after each half an hour and below upon her. Insha'Allah, Allah Ta'ala will bestow His grace upon her. Yesterday when I called him then he said Al-hamdulillah, the daughter was quite well and we had brought her to him and she is fully recovered.

The body was shivering:

In the month of April one evening my temperament suffered from bad to worse. I was feeling intense thirst and in the condition of semi consciousness my body was shivering. I was unable to talk. My son came home and saw my condition. He immediately recited the action of "Afahasibtum and Azaan" twice and in ten minutes, I was quite well and sat peacefully. I started talking in a normal way. Allah thanks to Allah.

(Naila Javed, Lahore)

Blood pressure controller:

For the last two weeks, I didn't know what was happening to me. At all times my blood pressure was low and sometimes high. Doctors checked and changed my medicine and were surprised that taking medicine didn't control the blood pressure. My temperament was getting worse. All of a sudden I realized to recite the action of "Afahasibtum and Azaan." I was

use to recite the action of Azaan daily. Allah Ta'ala bestowed His blessing and now I am quite well, Thanks to Allah. (Naila Javed, Lahore)

Blowing on water and drinking:

Muhtaram Hakeem Sahib, as I send to you the written circumstances, in the light of those, you had advised me to recite the action of "Afahasibtum and Azaan" Al-hamdulillah, daily I recite the action of "Afahasibtum and Azaan" forty-one times and blow it in the water and give it to drink. I am very benefitted by this action. (Mrs. Tahera Kamal, Rawalpindi)

Two strange miracles:

Hazrat Ji, two such miracle of the action of "Afahasibtum and Azaan" has happened that we were all surprised, one of my paternal and maternal grandmothers.

1. Hazrat Ji, my paternal grandmother suddenly fell ill and very senior doctor treated her. She was also admitted in Shakh Zayed Hospital. She was suffering from swelling on her entire face. Her body and eyes were very weak. Doctors declared no hope. The senior doctor of Sheikh Zayed hospital who was also a neuro surgeon said that the vein in her brain is inoperative and some of them have burst. You may take her home, and she will survive for a day or two days. All started to weep and we had brought her home in an ambulance. My mother who was a regular in fasting and praying. In her young age, she often recited the action of "Afahasibtum and Azaan." She used this action to into her ears. She used to do it after some times, besides you to blow these verses and Azaan on water and give it the paternal grandmother to

drink it with a spoon. On blowing into the ears, a very rotten smell ejected from the ears. Mother told me that as she uses to blow, the condition of my grandmother improved gradually until she fully recovered. This even is six months old, and she is passing her life as a normal woman. She does not have any type of disease, which made us all surprised.

2. The second event related to my maternal grandmother. It had happened six to seven months ago. My maternal grandmother has passed away. Six to seven months ago, she felt very severely ill. The doctors declared no hope for her. All the relatives were called to come and meet her. She would past that night hardly. Further relatives came, and mother too. All of them were weeping, my grandmother left to take her meal. She was giving food through her drip. The spirit from the lower part of her body had already ejected, and permanently lying in bed. The flesh beneath the waist had been dissolved. She could not move her, her tongue close and she could not raise her hands. The only part of her body that was working was her heart, and she was breathing. Her eyes are fixed on one point. She was unable to hear anyone. My maternal uncle and others had completed all formalities about death. My aunt had also cleaned the house, where the dead body would be kept and where people would gather to see her. My mother and aunts were deeply sad. All of them were helpless. My mother recited the action of "Afahasibtum and Azaan" and blew into the ears of my grandmother and gave her water to drink which was blown upon. As my grandmother could not drink water, my mother would wash

her face with the water. By doing this, my grandmother's eyes, which were fixed on one point, started to move and saw all of us. The blowing action continued, and my mother told my aunts to continue the action and blow on her. At last, my grandmother gradually listened to our conversation and started to talk and take her meals. Her face returned to normal, and slowly she fully recovered. The relative that came to meet her, they were all surprised on her recovery. The doctors were also surprised and didn't know how it happened. Hazrat Ji these verses may save a person from death, if the death is inevitable from Allah, then the spirit ejected out very easily and the life is remained, then the patient is recovered. Hazrat Ji you are requested to pray for us.

(Saba Rafi, Multan Cantt)

Benefit for the whole world:

Hazrat Ji, I am one of the inferior followers of you. Hazrat Ji you had given me the action of "Afahasibtum and Azaan" one I have been doing myself and disturbed to others as well. Hazrat Ji, some people have been benefitted by this action and they have told me there experiments.

(Tariq Mahmood, Rahim Yaar Khan)

That woman healed up after three days:

A woman known to us went to Karachi, she was suffering from allergies. In Karachi she suffered from asthma. Doctors injected her with injections, which reacted to her and she started to heavy bleeding because of the overdose. She had an ultrasound and doctors told her a vein was busted inside and surgery was needed, so make financial arrangements. We use

to do the action of “Afahasibtum and Azaan” as she could not do it herself. Her family members did the action. After three days, that woman recovered and healed up. After taking a bath, she started to offer prayers. This event occurred in Rahim Yaar Khan.

(Tariq Mahmood, Rahim Yaar Khan)

Young boy missing from house:

The young boy of a woman was missing from home. The matter was related to the debt. It was not known where the boy was. That woman started to recite the action, and within a few days the boy returned home. This even belongs to Rihi City in Ghotki, Sindh.

(Tariq Mahmood, Rahim Yaar Khan)

The house inhabited:

The family members managed to marry a girl in cross relation. Her brother and his wife were living happily, but the husband of the girl didn't behave nicely with the other girl and left her and went to her parents' house. He didn't take her to his house. That girl and her family members recited the action of “Afahasibtum and Azaan” then in a few days; the husband of the girl came and took her to his house. (Tariq Mahmood, Rahim Yaar Khan)

Allah Ta'ala blessed a lot:

Hazrat Ji, from the function that you have told us, Al-hamdulillah we have been benefitted very much. Here I do mention some of them. For example, the action of “Afahasibtum and Azaan” Hazrat Ji, there had been usually in my wife's waist. One and half years, after the delivery of two children, she was unable to stand up from leg on bed or standing from

sitting on the chair. She used many medicines but no relief achieved. She used to visit doctors compulsory in a week or fifteen days. Due to the blessing of this action she is quite well and recovered. We are bestowed upon by Allah-very much due to this action. (Abid Abbasi, Mansehra)

Very severe pain in female child:

You had told us about the action of “Afahasibtum and Azaan” which I gave to a female child’s mother. Her child was suffering from very severe pain into her ear and no relief from the medicine. The pain was so intense that she could not to go school and on tuition but continuously wept. Actually there had been developed a tiny ball of dust and dirt which was not melting. I told her grandmother the action of Azaan and the grandmother acted immediately. So it was sufficient that along with medicine, the words of Allah also combined so it was inevitable for both to be saved. Her grandmother did the action of Azaan and the total filth inside the ear melted and came out. Now that female child is well. (Sanober Iqbal)

Sometime Fever Reached Up to 102 and Sometime 104:

Hazrat Ji, the fever of my son reached up to 104. We consulted with the doctor and he gave us antibiotics. We used the medicine regularly but the fever retained some time up to 102 and sometimes 104. We went to visit the doctor for four days continuously but the fever did not come down. On the fourth day, I said to my wife to leave all that and start the action of “Afahasibtum and Azaan.” We did this action at 10 pm for every hour. At 2 AM the fever removed completely. This is all due to the blessing of this

action. Allah Rabbul Izzat may give the belief for living, making and protecting through these actions. (Muhammad Danish Raza Khan, Karachi)

Instruction of azaan in dream:

I saw in my dream that I am in a strange house and sleeping. My mother is calling me: Irum come out of the room, Hakeem Sahib is here. Irum come immediately, Hakeem Sahib has come. It is night time and I tried to stand up, listening to my mother's voice but not stand up. Something has tightened my arm forcefully and I can't see that one. I say to that object to leave me but it catches my arm more forcefully. Immediately I started reciting Azaan and that invisible object leave me instantly. I came out of the room hurriedly and ask my mother: Where is Hakeem Sahib. Mother said: he is in the mosque downward. I came to you and narrated my problem. You gave me some function, which I have forgotten, and then you turned over your finger on my leg. I ask you what you were doing. Your reply was that I have taken out poison from your body. (Irum)

Link down of system and continuation of azaan:

Respected Hakeem Sahib, now I have made up my routine to recite Azaan to repair and keep my computer system in order. When I came to know that link down of system is happening then without intention I use to recite Azaan and recite along with "Ya Hafeezu." These are marvelous words along with the actions and the teller himself. Really "Tasbeeh Khana" is a source of making, living and protecting through the actions. (Farhat, Lahore)

Obedience of disobedient children:

I have started residing at Factory. My thirteen year old son, Adnan, came to me and told me to forgive him. He fell down to his knees. My son said he would not talk to his Papa. This was told by my brother Yakoob. Thanks to Allah, by your prayers a boy started to talk.

(Abdul Qayyum Qureshi, Kandiro Sindh)

Which is mine that is yours?

You usually say which is mine and that is yours and that is yours and that is for the whole world. On complying this, I convinced my teacher and study companion and neighbor who are an employee of PTCL and residing in house no G17. His daughter was ill and suffered from typhoid. She was treated in CMH but got no relief. I said to him repeatedly to recite the action of "Afahasibtum and Azaan" but he didn't accept. When he did not achieve any relief, one day I said to him: you may not sit on my saying, assume the Holy Quran is saying it. Then he did when I asked him about the results he replied there is much relief and difference. He said to me to take him to dars and I got him committed.

She became more powerful than before:

Respected Hakeem Sahib, my brother usually suffered from severe headache. We recited the action of "Afahasibtum and Azaan" and blew it into both of his ears and the pain was removed. This action was told by our cousin. Hakeem Sahib, I and my sister are both intensely ill. We used medicines that were prescribed to us by the doctor for a long time now. Then we joined to listen to your Dars (lessons) and prayed earnestly and humbly. We could not stand up and sit down due to our weakness. Our

cousins were also worried, and didn't know what to do. After that due to the blessing of your Dars and the action of "Afahasibtum and Azaan" and by the grace of Allah we both were recovered and very soon we both have become very powerful.

(Nadia, Sister of Ashraf)

School van owner:

The school van owner of my daughter was ill for some days and was not coming to take her to school. I called him to ask about his welfare. His wife received the call and said that he cannot talk to anybody because he is suffering from an acute fever. He had acne on his knee and due to this he was not feeling well. I said to her to recite the action of "Afahasibtum and Azaan" and blow first into his right ear and then into his left, after every hour or after every prayer. Next day he was fully recovered. He called me that he was coming to take my daughter to school.

(Muhammad Shoab, Iqbal Town, Lahore)

I was too much frightened then:

At night when I laid down to bed for rest then I was very much frightened and it was without limits. I started to recite Azaan and verses of Surah Al-Muminoon. I conceived that some objects are coming towards me in fast speed to attack me. They were four to five in numbers but I don't remember. But only one object rose from my side and they all flee away.

(Nighet Shafiq, Rome, Italy)

Cure of paralysis:

Respected Hakeem sahib, as I had stated in my previous letter about Abdur Rahman, who had a relative that had suffered from paralysis. You had suggested for him to recite the action of "Afahasibtum and Azaan." I

had told him this at the very moment, Masha'Allah, he has done this action and now he is far better. According to Abdur Rahman, he has started to walk. (Mrs. Tahira Kamal, Rawalpindi)

I may not have fits:

It is narrated those three months before I had written a letter to you about my disease. I am twenty-four years old and suffering from fits. Please tell me any cure that I may not have fit and get rid of the antibiotics tablets. You have told me to use "Akseerul Badan" and Sattar Shifaain" four times in a day and recite the action of "Afahasibtum and Azaan" three time a day and to blow in the right and left shoulder. I have been fully complying with this procedure, and now I am writing a letter again after three months. Now my position is that I have fits one a week, once or twice a day. One night I had three fits. Whenever there are fits in the day time, I do control myself as compared to before. I have used four small boxes of "Askeerul Badan" and three small boxes of "Sattar shafaain." I am feeling a lot better from before. (Daughter of Iqbal, Attock)

The senses of insane restored:

Hazrat Ji, there was a twenty two year old neighbor of ours named Kishwar her husband, Alam, became mad due to Jinnat and was so senseless that he could not identify his own wife, kids' mother or siblings. Wherever he use to sit, excluded the filth. That woman met my mother and told the whole story. My mother told him about Hazrat Ji then she came to me to make an appointment from him. Feeling differently in taking time I told her to recite the action of "Afahasibtum and Azaan" at

the beginning and end three times with Durood Shareef and blow into patient's ears. To do this action give times a day. After one week that woman came to my house again and said that they could not recite Surah Al-Muminoon but have been reciting Azaan five times a day. And now the patient is far better than before and identifies his relatives and family members. I told her to continue the action and she did. After some weeks she met again and informed me that due to this action, her sick and weak husband, who was patient for years, have recovered and now is healthy. He can walk himself and stated going to work. He is saved from fit and disease. For further protection, I advised her to continue the action. Al-hamdulillah due to the action of Azaan, a person lying on bed, just like a dead body for years, by the grace of the name of Allah , once again recovered and became healthy. (Tauqeer Haider, Kashkoli)

The buffalo of one lac healed in one action:

One of my relative was telling me that his buffalo fell ill at night. Its price was more than one lac. At night no doctor was available. My mother and I went by the fence of the buffalo, and felt it will fall down at any moment. My mother recited the action of "Afahasibtum and Azaan" seven times. I blew Azaan into its ears and my mother blew the verses of Surah Al-Muminoon. We were strange fully surprised helped by Allah as we had just blown it into his ears and the buffalo fully recovered. Al-hamdulillah just as it had never fallen ill.

(Muhammad Akmal Farooq Rayhan, Kushkoli Sargoda)

When result declared she got third position:

I taught Quran to a girl. She was appearing in sixth class final exam too. Her mother said to me that remembered everything but forget the lesson. She requested to me as far as her papers are going, I may recite the action of "Afahasibtum and Azaan" and blow upon her. I used to blow on her daily. I asked after exam, how she did the papers. She replied that they have been good. When the result declared, she got third position. Whereas before, she failed in two or three papers.

(Daughter of Ashraf Lahore)

Fence of azaan and educational career:

In duration of learning lesson, we may form the fence of Azaan, and then the lesson is easily and well learned.

(Daughter of Ashraf, Lahore)

Due to and medicine too:

Whenever I fell ill, I recite and do the action of Azaan the last four verses of Surah AL-Muminoon do recover. As now days, the joint pain happens, I do the action of Azaan and the pain removes. My mother is also suffering from joint's pain, I tell her the action of Azaan and due to its blessing, and she has got much relief.

(Mrs. Farooq Abbasi, Lahore)

All my words are fulfilled:

Whenever I recite this action for a certain work, Al-hamdulillah it is done and fulfilled. There were five such relations who were not materializing, by the grace of Allah, they are done. One night I slept while reading, I was narrating the "Tafseer of Surah Naaba" then somebody said to me that they work of Islamic (Deen) will be performed by you. The one day I had

seen in a dream that the companions of the Prophet (Shaba-e-Karam) and Prophet (Sallalloho alaihe wasallam) are present. Prophet (Sallalloho alaihe wasallam) said to continue this action. You will perform the services of Islamic (Deen) in the whole world. Occasionally I use to see and meet the saints and vulnerable people in my dream and I have seen many times in my dreams. One of my friends was intending to go to England, but he was facing many hindrances but now they have been removed and he has gone abroad. Maulana Hassan Sahib only. Since I have started this action, I take interest in prayers and it is very seldom that my "takabir-e-oula" and prayers are missed. Since I have started the action of "Afahasibtum and Azaan" the inclination to anywhere else is totally finished and your face is in front of me. Usually I am satisfied and every talk is delivered by the tongue is fulfilled. (Abdullah)

Fever of mother completely finished:

You have told me one Dars (lesson) that we may write to you about the action of "Afahasibtum and Azaan" so I am writing two benefits of it. One is my own experience: my mother had suffered from fever. Doctors treated her but we could not get relief. We changed two doctors. She was tired of taking so many medicines. In due course I remembered the action of "Afahasibtum and Azaan" so I recited it and blew first into right ear and then into the left ear. After some hours the fever was totally finished. This action is also useful for effects of magic and such problems so it may be recited for one or two times daily.

Kidney and lungs all failed:

Second benefit is rather more useful. The father-in-law of my elder sister was severely ill. He used to work with acid for the whole life and because of it he used to suffer from a cold and fiber was too much. When he became older then the acid showed the effects. His kidneys and lungs had failed. Doctors were disappointed. Sheikh Zayed Hospital declared no hope. I listened to this action in the Dars and told this to my sister and brother in law. My brother in law told me with the intention that these were the doctors who were telling us that the patient cannot breathe without a cylinder. We recited the action of "Afahasibtum and Azaan." When the patient had another checkup, the doctors said the patient had a slight infection in the lungs but it can easily be cured. Although the patient did not recover fully but he also was previously declared incurable, now after the action of Azaan he was curable and the medicine were also effective. Now the doctors have said the patient may use certain drops and medicine and use it continuously and keep it safe in house. The system of life and death is absolutely in the hands of Allah, the Almighty. By the blessing of this action, the patient who could not take any meal, has started taking meals, my brother in law is doing this action after every hour.

(Jibran Rehman, Lahore)

Taxi caught on fire:

My son and I had gone to my sister's house. On returning back we were in Islamabad highway, and on a motor cycle. Traffic was returning fast. In front of us was Toyota car and behind it there was a taxi. Suddenly the Toyota stopped and the taxi hit it and it caught on fire. The taxi driver was

inside and the doors were locked, and we had also stopped. I said to my son to pull put the driver from the taxi otherwise he will be burnt. Taxi driver was also trying to open the door. My son said to me to start recites the Azaan and he also started reciting. There will be no harm to driver. We both recited Azaan and you could not imagine that in fifteen to twenty minutes such a fierce fame had extinguished. The taxi driver came out of the taxi easily. My son said to me we are happy and now we should move to our house. He also said: Papa has you seen the miracle of Allah and Azaan, the Almighty has given so much blessing in his name. On my way home I was weeping with tears.

(Mother of Hafiz Anees Ahmad, Rawalpindi)

We had read in ubqari that:

In Ubqari magazine there was an action of Azaan that in case of fever do recite Azaan and Aqamat jointly and blow upon patient. My mother suffered from fever up to 104 at 10pm. My mother uses homeopathic medicine and all that time it was not possible acquire medicine. My mother said to me that I have read in Ubqari magazine that one reciting Azaan and Aqamat combined, the fever is finished so you may do this action. I did the action after every fifteen minutes of duration. After 45 minutes the fever completely went off. I have done this experiment many time and thanked Allah, Allah gave relief. (Muhammad Mohsin, Sialkot)

The peevishness of daughter finished:

The action of "Afahasibtum and Azaan" is a great action. It finishes the peevishness of my daughter. She did not sleep at night. I did this action

then he use to sleep peacefully daily. Whenever I do forget to recite, my daughter will remind me to recite it. (Usman, Lahore)

Reports showed the problem of appendix:

It happened about two months before that my younger daughter's condition was worsening day by day. We consulted many doctors and took treatment but the diagnosis was not correct and we were very worried. At last one doctor said it that it appears to be the appendix. She had to undergo various tests which were carried out in the best laboratory of Lahore so the correct diagnostic report may be obtained. All reports showed appendix. In spite of that we were not satisfied. For final confirmation another test carried out in alnoor lab at shadmaan, which is one of the best labs in Lahore. The doctor to whom we had consulted was of the opinion that the operation is inevitable. Another doctor said that the matter is serious. We might operate it immediately, otherwise will be in danger. That doctor told us this much that we might operate it compulsory from anywhere till tonight up to 12 at night. So in patience we hurriedly went to Fatima Memorial but they said it cannot be done today, but a tomorrow. We went to another hospital and then after seeing the situation told that we might wait this night and they will operate it on tomorrow at 4pm. So that after arranging the amount, final preparation was made urgently and we were worried. All of a sudden, my sisters-in-law asked me if had I had taken any advice from Hakeem Sahib. Immediately and tell him to complete situation. We were all upset. Five year old girl was seriously ill so we came to Hakeem Sahib. Hakeem Sahib took us to clinic very politely and said to us not to have operation. He said

to us to recite the action of “Afahasibtum and Azaan” after every half an hour and blow into her ears.

How can we avoid our guide?

Believe me, there were seven doctors who was of the opinion in favor of operation. Among them two were our family doctors and on the other side were Hakeem Sahib. Obviously we cannot put off the advice of our guide so all of us immediately said we would not allow the operation, so that doctors whatsoever may say. So that we did with all trust in Allah and started reciting. Today two months have passed; there is no pain, no worsening condition and no problem. This is all due to the blessing of this action. One thing if I may tell you that the doctors had warned us if the daughter did not undergo operation, we would be responsible for any loss. Now about fifteen days before one doctor called us how is Humaira? Did she undergo operation? I replied no. he was surprised and said it was a miracle. I said to him that is a blessing of the action. Allah bestowed His grace. That doctor passed the negative remarks against us. I said to him this is all due to the recitation of the words of Allah. The Almighty have saved her. This is only due to the blessing of my Guide’s prayers; I am nothing to do it. (Zohaib, Lahore)

The family affects by bad looking jinnat army:

Respected Hakeem Sahib, Assalamu Alaikum Allah Ta’ala may give you shelter upon us and grant you long life, Ameen. Till today we have been relieved from any problems and difficulties. The functions you have told us proved to be always miracles and delivered us from worries. My daughter

The Miracles of Afahasibtum and Azaan

Sehar, whom you have changed her name as Amina Kashif, had been affected by Jinnat since childhood. You had given us the function of “Ya Mumeet” and we have read all the benefits. Now you have changed the function and advised to recite the action of “Afahasibtum and Azaan” and we have got marvelous and unbelievable benefits. For example the main problem was of Amina, who was according to you, affected by ill and bad looking of Jinnat Army. At home we were facing dangers and strange and surprising insects which were innumerable. We had used many medicines to kill them but we felt no reduction in their numbers and the ratio of production. One bee used to come many times in our house and leaving all other family members only used to bite Amina, weather she was offering prayers, sleeping or in class room. For years a jumbo size fly used to enter in house and used to return after encircling the whole house. We did not get rid of rats and neither cockroach finished, and above all it was very strange that it appeared that somebody used to take water from water dispense (cooler) regularly in day and night but there had been nobody else. All these strange events happened to us. After it the scenario changed due to the action of “Afahasibtum and Azaan” in such a way that all worries are removing gradually. The numbers of insects drastically reduced. Rats have left our house. Coming of jumbo size fits stopped. There is no sound of water taking. My husband is hot tempered and now there is remarkable change in his temperament. He does not annoy to someone without any reason and tried to understand every worry and problem. His attitude toward Islam (Deen) is increasing Al-hamdulillah. We have been much benefitted by the action of “Afahasibtum and Azaan” that the condition and temperament of Amina is miraculously improved and

much better. She has come out of the darkness of Jinnat. We are sure that due to the blessing of this action Allah shall finish all our worries. Hakeem Sahib, there is no match or solitude of this action. Undoubtedly the words of Allah are very powerful. These words have freed us from a lot of worries and difficulties. We are thankful to you that because of you we have found the path of deliverance from worries and problems. Due to the function you have told us we have been getting rid of our worries. We do hope that after continuing this action we would be free from other peculiar and complicated problems in our lives, Insha'Allah. (Munazza Kashif)

Beneficial in Knee's pain:

My mother had been suffering from knee pain and swelling for a long time. With the intention of deliverance from this disease we recited the action of "Afahasibtum and Azaan" and blew it into her ears. By the grace of Allah she is much better. (Muhammad Nisar Hussain)

It is very useful for me:

Muhtaram Hakeem Sahib, first of all I want to thank you that you are publishing such a nice periodical that we need, not seen anywhere else. We feel peace after listening to your Dars (lessons). We do get solution of all problems from your Dars. Once or twice it happened that my husband could not sleep. He was feeling some very peculiar uneasiness. I was also worried with some reluctance. I said to him to recite Azaan. He recited once or twice and then slept. It is very powerful and good action. It is very useful and beneficial for me. (Tabinda Ameen, Islamabad)

This is my brother's bike:

I recite "Duo Anmol Khazanay" and the action of "Afahasibtum and Azaan" after every Isha prayer. For some days someone parked their motor bike in our neighborhood without a lock. The police use to lift it from here. Some days before my brother parked his bike outside the house and went telling me that I might take it inside the house. It was Isha prayer, so he thought he would take in after praying in the mosque, I observed prayer and recitations as usual and when I returned home my sister told me some police man were going to take our bike away, but somebody came told them and said it was my brother's bike, so asked them to leave it. Therefore the police went away. I thought in my mind that because of the blessing of Anmol Khazanay and the action of "Afahasibtum and Azaan" Allah Ta'ala has helped us from hidden and the bike saved.

Five years old child appeal for blood:

Last year I offered Juma prayers in Punjab university new campus. When I came out of the campus, I saw many posters everywhere. On those posters, there was an appeal "Five year old child's appeal for blood." There were various phone numbers given on the poster board. I called them immediately they asked me whether you are calling to donate blood. I said to them: thought I cannot arrange blood but I can tell you an action, if you may do this, your child will be recovered. Insha'Allah, they replied that we have done and experienced many actions. I said to them, consider it your last and do it. Recite the action of "Afahasibtum and Azaan" and blow into patient's right ear first and then into the left ear. Of course they

considered it an ordinary one and did not recite. After two or three days, they called me themselves and asked me to tell them about the action again. Then after a few days they said that thanks to Allah previously we were giving him eight to ten bottles of blood and now we are giving him five to six bottles. I told them to continue this action. After some days they told that the child is in ICU and doctors are not allowing us to enter. I said to them to recite continuously and imagine him and blow from outside or take permission from doctor to go since only to blow him. After one month, the child's father called me, he was very happy. He said before the action his son could not stand up from the bed, nor take meal and drink water. They would have to carry him to the bathroom, and now he was able to. Doctors said you can take the child in two to three days. After that I have no communication with him. Now recently after one year, he child's parent's aunt called me that you had told that action and due to this action our child has recovered and returned home. Now there is another problem. My own son is an eye patient. By birth he faced the problem of eye sight. Doctors say the retina is slightly disturbed and it can never be recovered. Please tell me any action for it so that my son can live a normal life just as my niece. I said to her that you may do the same as they did the action. After that I had no communication with her but I am sure if they would have done, his son could be free from the problem of eye sight Insha'Allah.

And he recovered from dengue:

Last Sunday when Hazrat Ji Damat Burkatahum was on tour, my son suffered from Dengue fever. I contacted to Hazrat Damat Burkatahum, he

said to recite the action of “Afahasibtum and Azaan” after every ten minutes. When we brought the child back from the hospital to take home, I recited the action and blew it on him. Up to 12:30 at night we did the action continuously and then the child felt relief and the fever started lowering down. Now it is the fifth day and the child is far better and improving. Prattles are increasing and the fever is gone. Allah by His grace and blessing has given him health due to this action. (Ghulam Abbas)

Observed the miracle of action with own eyes:

This event is about nine months old, a lady to my shop and told that her husband Syed Qamar Abbas Shah fell down the ground and his leg broke. He got treatment for a long time but had to relief. Then he was brought to CMH Karian, the doctors replaced his leg bone with goat’s bone but it could not be adjusted. Please tell us any action that his bone may be joined. I told her to recite the action of “Afahasibtum and Azaan” and advised her that the husband may also recite. After three months later her husband met me and said he is much relieved. After that when I went to his house he delivered the magazine of this month then he said that now I am quite well, where the doctors had declared that your leg would be wasters and you will live the rest of your life handicapped. I have seen with my own eyes the miracle of the action. (Asif Iqbal, Mandi Bahauddin)

Sea waves were twenty five to thirty feet back:

Some action I have adopted by listening from Hazrat Ji Damat Burkatahum and from them I have acquired some observation. I am going to narrate some of them. First of all, I had listened to the miracle of the action of “Afahasibtum and Azaan.” Hazrat Ji Damat Burkatahum has said that

whenever you ride in a van then recite the Azaan seven times. He stated many other benefits of this action. We three friends had gone to Karachi and went to the sea side. We were standing at the sea shore. It was thirtieth night of the moon and due to the tide and fall; the water waves were making loud noises. When the air blew fast, the waves hit our chest. In my childhood, I had heard from elders that when it is raining heavily and continued the Ulema-e-Karam said to the people to recite the Azaan on the top of the house in loud volume. I also thought of it by Allah and said to my colleagues to recite the Azaan in a loud voice. We recited the Azaan loudly and said: O Allah this is also water similar to rain fall so you may stop it. By the grace of Allah, the waves which were hitting our chest went only fifteen to twenty minutes left behind us at least twenty five to thirty feet.

دشت تو دشت ہیں دریا بھی نہ چھوڑے ہم نے

بحر ظلمات میں دوڑا دیئے گھوڑے ہم نے

What of the deserts, we did not even leave rivers

In the oceans of darkness we galloped our horses

Started reciting azaan very loudly:

One night I was coming from Multan. It was usual that dead animals use to lie on the road therefore I was driving very carefully. At once I felt a dead body similar to a donkey had come under my car. The speed of my car was 140. My car collimated with the object. There came out the cry from my tires. I was much worried. One wax tike object kept coming in front of my eyes. Here in Dars Hazrat Damat Burkatahum had read a letter of some person from Kohat. I recalled that even in my mind and I started reciting

the Azaan very loudly. I drove 2 kilometers very rashly and recited Azaan. That faces of the object use to come consciously in front of my eyes. After all recited Azaan, I came out safely from that situation.

(Sheikh Shafiq, Lahore)

By azaan jinnat fiercely annoyed:

Respected Hazrat Sahib, Assalamu Alaikum, I prayed to Allah heartedly that he may keep you under His blessings. He may bestow upon you, your family, your staff, followers and concerned people with worldly and religiously all blessing and may keep you safe. Ameen. Because of your prayers, and thanks to Allah, my domestic problems have been resolved. I am very thankful to you that you have given me spiritual attention and prayed for me. I am confidently sure that as far as I am under the fence of your prayers, nothing would harm me, Insha'Allah. You have said to recite the tasbeeh of Azaan in the morning and evening. I have started from the very first day. As soon as I started reciting this tasbeeh, I have continuously seen for two days, and now I am narrating it to you. At the time of Fajr prayer when I recited, I saw that there were two circles. One is big and the second one is a medium size. They are moving shades and they are sitting on something probably on throne or stool like living object. I could not understand what it was. And one that place, some object just like snake is coming down from the throne, crawling. Then the shade started moving as the circles and just like this snake they are moving. Meanwhile, I woke up and I was confused and thought what should I recite and repeat. I immediately thought of Surah Al-Falaq and Surah An-Naas. I started reciting that. At the beginning those object do not disappear but on

The Miracles of Afahasibtum and Azaan

reciting continuously they did. When I woke up, I thought why I saw these objects. Why these did objects annoy and irritated me. I came to understand that it is due to the recitation of the Azaan. Perhaps I might leave it reciting after being frightened but I have been reciting it continuously. On second and third day, I see there is a house and perhaps it is our or my parents. There I am present, my mother and other family members. Water has been split on floor for washing. I am in the room and suddenly stood up and saw to the court yard of the house that the bucket of washing clothes is coming like flying cyclone and tornado towards the room with the sound of "zoom zoom." All family members are puzzled. I along with everyone felt that the house was moving in the state of intoxication, the human being does move and the body as well. My mother says what is happening and I do feel that all these are effects of magic. I requested everybody in loud voice that whosoever remembers the Azaan may recite in loud voice or recite Surah Al-Falaq and An-Naas. In a little while, the basket enters flying into the room straight way and breaks into pieces after colliding with the moving fan. We were all reciting Azaan at the time. I woke up. Once a day in the morning in open in open fresh air at the roof of the house, I recited the action and then sleep on the second floor. All of a sudden I felt my heartbeats were palpitating very fast. Pressure increases on my temple, and it seems that something is pressing on both sides of the head and finishing the condition of sleep. At once in front of my sight two flowers are seen lying on the right and left side. When I do observe every minute it seem the whole scenario had changed. And after that the same animals were looking. One comes first and coming near my sight disappears. Then another came, the third one I

don't know how many they are. It seems that their incoming is due to some specific purpose, just like their attendance. I can't understand and then I recited Surah Al-Falaq and An-Naas then they all disappeared. Respected Hakeem Sahib, when I started recited Azaan that in the morning at seven to nine in the state of sleep, suddenly the increase of heart beats, pressure on both sides of the head on face, and pressuring by something, what are all these things? When I do feel this condition then I immediately feel that something, event or incident is going to be happened with me I do start puzzling.

He has no problem at all:

My friends who come in Dars, his mother undergo gallbladder operation. After some time she felt pain again. After medical checkup it was diagnosed that there was a fiber in her wound. Doctors said it will be operated again. My friend: mother admitted in hospital again. My friend said we used to recite the action of "Afahasibtum and Azaan" continuously. Before operation they took ultrasound so that the exact location of the wound is deleted. After seeing ultrasound doctor said there is no need of operation because she has no problem at all. My friend says this is all do to the action of "Afahasibtum and Azaan" it was a miracle.

(Umar Ichhra, Lahore)

How we were introduced to ubqari:

In Karachi after Dars, I met a fellow who told me his name Muhammad Yousuf Khan I asked him how he was introduced to Hakeem Sahib and Ubqari. He replied that two months before he was a psychic patient. I had been suffered from tension, depression, stress and anxiety. I use to roam

aimlessly on the street, using tranquilizers. The family member locks me up in the house. I was not allowed to go outside the house. I was completely surrounded by hopelessness and despair. All a sudden, I saw Ubqari magazine. I bought it went through it and finished the whole magazine. I wanted much more that. I visited the website of Ubqari and listened to Dars from the website. I got the action of Shifa from website. There were many actions. I chose according to my aptitude the action of "Afahasibtum and Azaan" and spiritual bath. Muhammad Yousuf Sahib said: I started spiritual bath and along with recited the action of "Afahasibtum and Azaan" these two actions I did with complete belief, full confidence and heartedly feelings. Now today after two months, by the grace of Allah I am quite well and healthy. (Samiuillah, Karachi)

Sudden and unexpected healing:

A lady in our ward of the house was ill. Her blood in her body was draining out through anus. Doctors have carried out many tests and nothing was negative in the tests. I told her the action of "Afahasibtum and Azaan." Doctors said that it would be the last test and after that no test would be carried about, but operation so that we can diagnose the actual disease. Her family members started the action. Allah bestowed His blessing upon her. The last test was also clear and the blood also stopped wasting. Doctors were surprised on this sudden and expectable healing.

(Son of Umme Haris, Lahore)

My father had gone to Indonesia. There one newly born child used to weep the whole day. His family was very upset. I told them the action of

“Afahasibtum and Azaan.” For this child the family members recited the action. After sometime the child recovered.

(Son of Umme Harris, Lahore)

An abscess on ear:

Some insect like object had bit my son's ear and due to this there was severe inflammation. He was treated by many doctors but got no relief. After that there appeared a large size abscess on the ears. Doctors advised that it was better to be operated as soon as possible. Leaving all the things aside we went to Hakeem sahib. He said there is no need of operation; you may do the action of “Afahasibtum and Azaan.” We all together did this action and then by the blessing of Allah my son absolutely recovered.

(Junaid Moiz, Lahore)

This is a tumor:

We do listen to the Dars of Hazrat Ji through the internet. We had heard so many about the action of “Afahasibtum and Azaan” and much observation about it. An abscess appeared on my son's neck. Doctors declared it a tumor and advised for it to be operated as soon as possible. The expenses were of twenty to twenty five thousands rupees. I did this action myself and my family members also. We gave him water to drink after blowing on it. I might be anywhere did recite and blew visualizing him. That operate able abscess reduced to the size of acne and removed. Al-hamdulillah.

(Ubadiullah Anwar, Faisalabad)

Fence of azaan and academic success:

I was appearing in via at the semester in the university. I had not made any preparation for it. Nothing had been prepared in writing. I demanded one

of my class mates his register. Recited the action of "Afahasibtum and Azaan" and made its fence. Sitting in the University but made a little preparation and understood some important points. The lab supervisor started viva test. By the blessing of Azaan, the lab supervisor asked the same questions which had prepared perfectly on the bus in the morning.

(Abdul Wahab Chattha, Islamabad)

But the task will be fulfilled with belief:

By the blessing of the action, every last item or article is easily found but, the task will be fulfilled with firm belief. In case of lost item, recite the action and blow on six sides, up, down, right left side back and seventh time on yourself with the intention. It is not possible that the lost item not be found. If it is in luck, Insha'Allah. (Abdul Wahab Chatta, Islamabad)

The eye recovered:

On my colleagues eye there developed small acne, and it was producing sever pain for five to six days. We blew the action of "Afahasibtum and Azaan." Allah Ta'ala blessed upon him and from the very next day the swelling of the acne started reducing. At the beginning there was much swelling. One in three days, we had relief. (Ejaz Afzal Saadi Park, Lahore)

A miracle has happened:

A bullet penetrated into my younger brother arm. As I came to know I started reciting immediately the action of "Afahasibtum and Azaan." Next day after the operation, the doctor said it was a very serious and risky case. Bullet had penetrated in such a way and fixed inside by which there might be a big damage. It is a course a miracle that your brother did not suffer more. (Mansoor Ahmad, Lahore)

Believe it or not:

A bullet penetrated in my brother's arm and due this, his hand bone was affected. In Pakistan we have two types of operation and both of them are extremely painful, very costly risky and chance based. All family members recited specifically and devotedly recited the action of "Afahasibtum and Azaan" and "Duo Anmol Khazanay" one may believe it or not within two and half months, the bone of my brother's elbow penile automatically joined.

(Mansoor Ahmad, Lahore)

Some amazement:

1. Whenever anybody does recite Anmol Khazanay after placing hand on affect part, he did fell the sound of joining bone very clearly.
2. The elbow bone had been jammed due to the stationary condition; it was also recovered by the action.
3. It is usual that after having operated, people use to visit hospital for two-three years and still are not fully recovered. The Almighty Allah and due to the blessing of the action saved us and kept us in His protection. We could not roam here and there for treatment.

(Mansoor Ahmad, Lahore)

Magic and jinnat problems:

One fellow was telling that they were facing magic and Jinnat's problems. Hazrat Ji told us the action of "Afahasibtum and Azaan." My wife did it from the morning and evening, then after three to four days it is felt that something is in abdomen. On fifth day it enhanced and at last on the sixth it appeared openly and abused you. We continued the action then he

(Jinnat) used abusing words and hatred against me. We continued the action of reciting Azaan in all four corners regularly. Now these Jinnat objects have returned to sobbing. It seems that now it is the end and it is due to the blessing of the Azaan.

17 year old psychic female patient:

One fellow tells that his aunt had some psychic problem. She was treated in many cities, Multan and other now is admitted in Mental hospital Lahore. Doctors had given her some tablets which reacted. These weeks they have given the same tablets which the patient is not willing to use because of reaction. I told them the action of "Afahasibtum and Azaan" and said to them to blow first in right and then in left ear. The action is to be done daily. In starting they have done the action for two weeks, five times after every prayer. Her head use to shiver and the body was not in her control. Once she started working then continued to work without break. Started laughing then continued to laugh. We did the action for fifteen days continuously five times a day. Now she is quite normal, recovered and healthy. My uncle is doing this action in morning and even and due to the blessing of this, her seventeen years old problem healed up and finished and she healed up.

Incoming voices stopped:

Hazrat Ji had told us the action of Azaan. It was usual that various voices were heard in our house and due to them children were afraid of. Hazrat Ji told us to recite the Azaan seven times at night. We recited the Azaan three to four times then Al-hamdulillah no voice was heard there after that. No child was afraid of and we do face no worry. (Nusrat S. Multan)

Mother healed up:

Muhammad Irfan Ali bhai lives in California. He is a very sincere friend of Ubqari. He told that he was suffering from chest pain for four months. I use to drink three draughts of water with the intention of healing. By the grace of Allah, the pain ended. Similarly my mother was severely ill, I did the action of "Afahasibtum and Azaan" and now Masha'Allah she is much better.

Tension and peevishness ended:

Going up on the roof, I do recite Azaan in four corners and at night recited seven times in each corner with three times Durood Shareef. Due to this action, tension and peevishness have reduced from our house remarkably, Al-hamdulillah. One day just for the sake, thought that I may gargle after wudhu in bath room because of bad smell. It has passed few days that I rinsed the mouth once in bathroom and after that till today no bad smell is produced. There were my observations till today which I wanted to convey to you. I hope you would be satisfied with my feedback and pray to Allah for us. (Shaikh Abdul Zeeshan Sahi, Lahore)

Tumor on ear disappeared:

A tumor had appeared on the back of my ear. It was not going away or exploding. Then I recited "Afahasibtum and Azaan" and blew on it and then it disappeared and I had recovered.

(Daughter of Tariq Saeed, Lahore)

It was blessing over blessing by my Allah:

Our neighbor had to undergo a kidney operation. I recited and blew the action of "Afahasibtum and Azaan" and his operation postponed. In our locality, there is a sick woman for one year on bed. I recite the same and action and blow it on her. She says when I recite, she wishes with all heart that she could stand up, but is not able to.

The daughter of my maternal aunt had suffered from very intense fever. She did the action of drinking of three draughts of water after ablution (wudhu) and Azaan, and now Masha'Allah she is fully recovered.

We get peace after taking spiritual bath. The body and mind become fresh and enlightened.

My maternal aunt suffered from acne. People stated that the acne was because of the diabetes, and she should get her sugar checked. She took the test and the tests were clear. Then my aunt drank three draughts of water from ablution (wudhu). On the first draught she recited "Allah Shafi" on the second draught she recited "Allah Kaafi" and then third draught she recited "Allah Maafi." She recited only three times and saw that the acne cleared up.

(Wife of Muhammad Noor Ahmad Sahib, Lahore)

How did my worry evade:

My son was going to gym club for four to five months. Despite my forbidding, he wouldn't stop going to the club. After reciting the action of Azaan, he stopped going.

(Wife of Mansoor Sahib, Lahore)

Headache removed:

My elder sister had suffered from a headache, and it was so intense that she became frustrated. I recited the action of "Afahasibtum and Azaan" and blew it into her ears, and intensely she got relief.

(Wife of Raja Nissar Sahib)

Recovery from the severe pain of the legs:

I had severe pain in my legs, so I recited "Dou Anmol Khazanay" and did the action of "Afahasibtum and Azaan" and felt relieved.

(Mrs. Shabbier, Lahore)

May Allah keep you happy? Hakeem Sahib, from the day you have told me the action of Azaan, I am complying on it. Whenever I have any problems, I recite Azaan and blew it upon myself. I was suffering from abdomen pain, so I recited Azaan immediately seven times in both ears, and after some time the pain removed. May Allah Ta'ala always keep you happy and safe so that you may continue as a source of guidance and reform for the Ummah.

It is extremely a miraculous action:

Muhtaram Hazrat Hakeem Sahib has told me such a wonderful and marvelous action in lesson (Dars) that whenever I face any problems, I take help from Azaan. Meaning, whenever I am faced with a headache, or have a fever, I myself or my younger sister, according to the procedure, will recite "Afahasibtum and Azaan" and blow into my ear. Then by the grace and blessing of Allah, I felt relief. It is a marvelous action. May Allah

always keep you happy. He is serving the whole world, candidly and selflessly.

Headache disappeared from two or three minutes:

Hazrat Hakeem Sahib, my mother had been suffering from a headache for two days, and it would not go away with Dispirit. I listened about Azaan in lesson (Dars) then I recited Azaan seven times and blew into my mother's ears. And after two or three minutes, it went away like it was never there.

The fit of cough removed:

Hazrat Hakeem Sahib, my sister usually suffers from the fit of cough in the morning and besides does start phylum and this condition remains for two or two and half hours. I saw her after morning prayers immediately and started the action of Azaan and blew into both of her ears, and the cough finished in ten minutes. Hakeem Sahib, you have told me us a very miraculous action.

Results obtained immediately:

Hazrat Sahib, I was suffering from waist ache since last night. Next day after Zuhr prayer, I said to my sister to recite Azaan and blow on my waist. She blew on her waist seven times and she recovered. Hazrat Sahib, due to this action, results obtained immediately. (Farhat, Lahore)

Severe cough and phlegm started:

My observation is about Azaan. When I woke up at the time of Fajr prayer, I started intense cough and phlegm and it was very difficult for me to breathe. Then my younger sister, according to your procedure, recited and blew Azaan in all direction seven times, and besides this, I was also reciting Azaan and blowing it on myself. After some time, I recovered completed

as if nothing had happened. This was all due to the blessing of the words of Allah and He may bestow upon you as well. You sincerely tell the action and function to the people for their benefits. (Farhat, Lahore)

Allah listens to me:

Assalamu Alaikum Muhtaram Hazrat Hakeem Sahib! May Allah bless upon you and may extend his shelter always upon you and on your generation. Ameen! He may save everywhere your vanity and may give you the highest awards and status in this world and in the world hereafter. May he also bestow blessings in your life, age, action, power, health and courage? Ameen. May Allah Ta'ala expand your (Tasbeeh Khana) by the concealed treasures? May He always keep you elegant, Ameen? May Allah Ta'ala give you firmness? May He bestow under the feet of you and your generations all the happiness of the entire world and you may not feel any shades of sorrows and grief's. May Allah bestow upon you the blessing of subsistence. May he save you and your children to see all happiness and joy. (Ameen, Summah Ameen)

I had heard the action of Azaan in your Dars and saw its miracles with my own eyes. Hakeem sahib one of my friend conditions worsened very much. It started bleeding from her nose and at that time her family members were sleeping. It was 12 at night. She informed me through SMS that her condition is going from bad to worse. Her clothes were wet with blood. In this state of confusion, I remembered the action of "Ya Hafeezu". I started reciting, then the contact to him disconnected, but in absence I continued to blow and said to her to recite but she did not recite and for further one and a half hour it continued to bleed from her nose. Next day

The Miracles of Afahasibtum and Azaan

in the morning I went to see her in patience. Hakeem Sahib when I saw her she was quite well and it did not seem that her condition was so bad at last night. I was of the thinking that I will blow the action of Azaan on her. She was saying at night that she will be going to die and in the morning she was quite well.

I did sit with her for some time suddenly she felt very severe pain in her heart and pressing her throat and then I saw her palpitating and I was much worried and immediately started reciting Azaan. Now I had recited only for fourteen times then she recovered well. It was appearing that she will die but by the blessing of Allah and due to the abundance of Azaan she recovered. Then she told me for long time and that such condition of her remains for long time and uses to face the same problem and feel difficulty in breathing. She was surprised how she is recover today so quickly then with happiness she said to me "You are great." I said to her I am not but Hazrat Hakeem sahib is great how has told us this action. She said to me: I Shall also recites. Then I returned to home. At night she again sent me message that it is bleeding from the nose. I replied that you may recite and I am also reciting yesterday it continued to bleed for one and a half hour but as we started the action of Azaan, it stopped bleeding immediately. After that the pain started in heart again. I said to her: write the word Muhammad on your heart .She surprised and then said: yes I do write. She told me at the moment that the pain is removed. I saw her getting rid of death due to the blessing of Azaan and I and she were surprised what did it and how did it? (Naila Jawed, Lahore)

Desisting from wickedness:

My younger brother is very naughty. He started suffering from headache so he was sitting tired. It was not looking good to me so I said to him: come on I may blow on you. I blew upon him after reciting Azaan seven times and he was quite well and fresh after half an hour but teased me very much by talking. I was so much teased that I said to him that it would be better that I might not blow on you because at least you were sitting peacefully calm and quite before blowing. (Naila Jawed, Lahore)

Thirteen year old sick wife:

Assalamu Alaikum Ubqari is a priceless magazine. It is a continued sacrifice from which all creation of Allah are benefitting whether it is from the internet or finding it from the book like I did. Whatever I have learned, it was found from your Dars or spiritual gathering and the books. I am a gazette officer in Pakistan Railways. Recently I have been transferred to another branch where I observed that a clerk used to come to my daily and request to leave him for some work. In the beginning I did not notice but after some time I did feel that something is wrong with him. I called him and enquired of the problem then he told me that his wife is sick and she is always sleeping or crying. I asked him to tell me the whole story.

He said (The male's name is Irfan and his wife's name is Tayba) that thirteen years before a daughter was born to her and after the wife continued to be sick. I have taken treatments from so many hospitals and doctors and now I am tired of further treatment. My wife has become very obesity. The eyes are swollen and she can open them with difficulty after luster her mouth upward. Doctors have said her resistively of the body is

very weak. Sometimes she suffers from the kidney problems and sometimes pain in the shoulder, it can't be explained and the man wept out. I am in service for twenty-four years and the whole period I have spent in railway quarters. Everybody knew that the lady is noble and a gentle woman, but from the day, Allah has made me a source of guidance and the people were benefitted and I have started telling the conversations which you have told us, and the cures then now the people call me with the title of Allah Wali and Peerni Sahiba instead of Madam. Because of you, my respect has increased tremendously. After all, Irfan had confidence in me because he knew that I was your follower. I have told him that spiritual bath and the action of "Afahasibtum and Azaan." After one week, he called me that he couldn't make it to the office today because his wife is cooking a meal at home herself and she is also expressing her love to her daughter, who was missing for the last thirteen years. My daughter and I are watching her walk here and there on her own feet. My family and I are praying in abundance for your guide, Hazrat Tariq Sahib. (Rasheeda Khanum)

Our intense magic was broken:

May Allah the Almighty give your life and health and may He enhance your knowledge. Ameen. We had come to you in September 2009, and at that time, all of us meaning, my daughter, son-in-law, and all the children were affected by strong magic. When my daughter was with us Hazrat sahib told the daughter to complete fourteen Thursday of dars, God will help you Insha'Allah. With strings of beads, we used to come to dars very regularly. On 15th dars, my daughter returned to home after dars, and then

her husband came to take her again at 10 pm. A part from the rosaries, Hazrat Sahib you have told us so many small actions, we all of my family members do perform them, for example spiritual bath, the action "Afahasibtum and Azaan" and bathroom prayer. Due to these actions and functions we do feel that all satanic objects are fleeing from our house. In doing these actions I had always suffered from fit but I did not leave these actions. Now at last these satanic objects have started sobbing.

During two years, we were benefitted by the action which Hazrat Sahib told us. Our daughter is pregnant and started bleeding in the sixth month. She is currently living with her husband in London. She immediately went to the hospital but her doctors said that they cannot save her. In case, the embryo is going to abort, we cannot save the baby. Then the pain started. The doctors in London had prepared all necessary arrangements of his operation theatre. It all happened for five hours. My daughter satisfactorily recited Surah Al-Fil. After five hours everything was normal. Bleeding stopped and the pain disappeared. My daughter returned home safe and sound at night. The doctors in London were astonished and surprised. There are many other such miracles which happened to us. Due to the introduction to Hazrat Sahib we have blessing over blessing and we have gained link and attachment to Allah. We had smelled in our house, the smell of rotten uncooked flesh so my husband sprayed daily the blown water of Dars and after that the rotten smell evaporated. Whenever my husband faces any problem at his office, he recites the same function and goes to the big bosses. The office listens to him with concentration. Al-hamdulillah that Almighty Allah has bestowed His grace upon us. My entire family and I recite Hazrat Ji's referred action of Surah Feel's tasbeeh

along with protection action for instance spiritual bath, bathroom prayer, and say salaam to all on entering the house, to recite Durood Shareef and Qul and to recite Azaan in the morning. May Allah Ta'ala give health to Hazrat Ji and further increase his knowledge. May He keep Hazrat Ji's Tasbeeh Khana always flourishing. Ameen Talib-e-Dua. (Rehana Ejaz)

I found my desire by dars:

I live in the hostel. My friend borrowed my electric kettle at night. In the morning when she returned it to me, its filter was missing. I felt sorrow and asked the girl to check in his room perhaps it might be left there. Then asked the servant that he might check it under the window of the girl's room, perhaps it had fallen outside on spraying water. The servant checked but not found. I was listening to the Dars and you were telling that when objects are lost to recite 110 times "Ya Hafeezu" and Azaan. I immediately recited 119 times "Ya Hafeezu" with the intention that the filter may be found. In Azaan I had not remembered one or half time exactly do I did not recite. After half an hour the girl sent me an SMS that the filter is found.

By the blessing of azaan the disturbed child found peace:

I was travelling in the bus and a woman sat beside my seat. She had a child in her lap who was weeping and crying loudly. He was not keeping silent. The whole bus was disturbed due to the weeping of the child. The mother was also upset. I thought that I do should recite the action of Azaan and perhaps the child might get quiet. I started reciting Azaan seven times and

blew on the right ear only visualizing and then blew seven times on the left ear. The child got peace and little but not completely. I repeated the action once more then the child became completely peaceful. During the journey he did not weep again. It was all due to the blessing of Azaan.

Deliverance from the harshest cyclone:

One fellow was telling that one and a half or two years back, the whole family went to visit the mountain area regions. We stayed in Narran in the hotel at night, there was such a horrible cyclone that the direction of the river changed and all the hotels in which we had stayed at, washed out in flood water. It was very intense air storm, cyclone and rain. The terrifying sounds of the river water were coming near our hotel. The hotel was located at a higher location, which is why we were safe. We were worried the whole night. Meanwhile we all decided to recite Azaan on the roof. On reciting Azaan it stopped raining, the cyclone stopped and after a while the sun came out. Allah had given us a chance so all of us left the area easily and safely. We came to know that it rained there again.

Healing by the blessing of azaan:

A 14-15 year old boy told his event that he could not come to listen to the previous Dars because of the illness, but he had listened to it on the internet. I recited Azaan and visualizing, blew seven times on the right and then left ear then I healed up from the fever.

The complaint of jinnat and shadow resolved:

A vulnerable person said that his daughter-in-law had the problem of Jinnat and shadow and due to this she used to be distressed and had to

worry other family members. I told her the action of Azaan. After reciting Azaan continuously, she has improved and is well recovered.

The vehicle did not have an accident:

Hazrat Ji had told me the action of Azaan. He advised that before driving the vehicle do recite Azaan seven times. Since I started to do this action, for the last two years, there happened to be no accidents to my vehicle. The action is that I do recite Azaan seven times before I start the vehicle.

(Hakeem Umar Sahib)

I saw the faces of jinnat:

I used to listen to your Dars on the internet. I was deeply desirous of listening to your Dars directly on coming to Tasbeeh Khana. I had to done the action which you had told me; particularly I had been much benefitted by the action of Surah Al-Kausar and the action of Azaan. Our house was affected by the influence of magic and now we had been almost free from them. You had openly allowed use to tell this action to anybody else. I have told it in my class and now the children do recite Surah Al Kausar. For the purpose of protection, I have told the action of "Ya Hafeezu" eleven times. I had also told to drink three draughts of water after ablution (wudhu), and it benefitted them. In the house of children, there were magic and Jinnat so they did the action of "Dou Anmol Khazanay" so eventually all those Jinnats gathered in my house and I did see their faces too. I continued this action and then they went away. It is all due to the blessing of this action.

(Imran Sahib)

Fifteen to twenty days before Allah Pak bestowed a son but after just his birth, he suffered from the problem of breathing. We were much

distressed and immediately took him to Fatima Memorial Hospital. He was admitted there. His x-ray was taken but the report was not positive. I recited the action of "Afahasibtum and Azaan" and visualizing the child from outside the room, started to blow in the child ear and continued this action. The doctors on duty in the morning did say something about his disease and those were on the night duty did say something different. We stayed there for two days at last on the third day the doctors consulted among themselves and told me: If we examine the reports then we realized that the patient is in danger, where you children condition is absolutely opposite to the reports. He has been fully recovered and you can take him home. Allah Pak has kept me successful due to the blessing of his word although the reports were showing negative results. The child was quite well and healthy so we took him home. (Sulaiman Sahib)

Although doctors declared incurable however:

My cousin is thirty year old. He is an IT expert but for the last one year he is a cancer patient and they have spent on his treatment about twelve to thirteen lac rupees. He is under treatment is Shuakat Kanum Memorial Hospital. He has undergone with chemotherapy seven times. Two months before doctors had declared him incurable and said he could survive for two to three days only. His family members called all their relatives to see him at the last moments, and they also called me. I went there and blew on him after reciting the action of "Afahasibtum and Azaan." His body had been lying completely cold. I sent an SMS to Hazrat Ji Damat Burkatahum that he may pray for him. Next day we blew on him again then we felt

some warmth in his body. On the third day we blew again and his body's coldness removed further. On the fourth day doctors said his condition is improving and now you can take him home. We brought him home and by the grace of Allah the patient who had been declared incurable by the doctors, has passed two months that he is recovering day by day.

Saved from shaitan's evilness:

Hazrat! I have come from Toba Tek Singh. Before coming here I had been suffering from many distresses. I was a follower of Sheikh Sahib. I came across the Ubqari magazine from somewhere and I acquired very much from it and over and above you, Damat Burkatahum have met me. Every time, day and night, I always think of Damat Burkatahum. I always do recite the action of "Afahasibtum and Azaan" and the last six Surahs in the "Nafil" of Tahajjud. My mother had decease in 1993 through the mediation of Hazrat Muhammad (sallalloho alaihe wasallam) and by the kindness of Damat Burkatahum. In an another dream, I saw last night a very big snake is following me but due to the recitation of "Afahasibtum and Azaan" I was saved from its evil. I have many observations apart from these which I cannot narrate.

My paternal aunt started talking:

This event happened two weeks before that my uncle called me at night that someone had given a medicine to my paternal aunt. She had taken two dozes and after that she is lying unconscious. He said to me to come immediately. I do practice "Hikmat" at low level. From Mandi Bahauddin, I reached to that near village at 10pm and observed that the aunt is

unconscious and around her there are many women sitting distressed. We prepared a prescription to bring and unconsciousness patient to consciousness. It can benefit anyone, which is why I am telling you take flad lime, falammoniat and alum and after mixing together keep it in a glass bottle. Afar sometime on opening the cork and lid, gas will come out. Put it with the nose of the unconscious patient, he will return to consciousness. Therefore I did the same action to my paternal aunt. She immediately returned to consciousness. Although she returned to consciousness, she was not speaking to anyone. In case someone would be calling her, she did turn her face but did not respond. At this moment Allah put an idea in my head that I said to the sons and daughters of my aunt and also to the entire woman that they may recite Azaan in ear with the intention that they are blowing in on my aunt. One of my nephews is Hafiz-e-Quran. I said to him to recite and blow the last four verses of Surah Al-Muminoon and I myself started reciting Surah Fatiha. Al-hamdulillah after twenty five minutes the aunt started replying the questions and started talking by the grace of Allah, she is fully recovered and healthy.

(Muhammad Asif Iqbal Sahib)

I had been disappointed:

I usually use to go to Multan on business trip. Two and half months ago when I was going from Lorry stand to Ghanta Ghar sitting in local van I saw a person besides my seat. His face was pale yellow. His hands, hair and legs were also yellow. I was very surprised and felt disgust and wanted to sit on another seat. After all with some courage I said Salam to him and asked his name. Besides him his wife was sitting so she said to me: what

would you do by asking his name. I said to her: Bibi I assume that your husband is ill. I have a spiritual amulet which I want to tell you. That fellow said to me that he has been suffering from Hepatitis C and it is at the last stage. I have taken so many treatments and now have become absolutely disappointed. I said to him to recite the action of "Afahasibtum and Azaan" and blow into left ear. I said to his wife that she may do this action as many times as she can. She said before this many Maulvi met us and told to blow but they did not give relief. I said to her to do it with firm belief. Insha'Allah Allah Ta'ala will bestow upon him the healing.

Domestic complication finished:

I am a very sinful person and for the last three years, I offered no prayer other than the Juma prayer. Here in Dars, I saw Hazrat Sahib with felicity so that I recited Azaan seven times and seven times the last four verses of Surah Al-Muminoon and blew into the right and left ear and from the very next day I became regular in my prayers. There was building of magic and amulet in our house and it is almost disappeared. We have been bestowed by the blessing of Allah. In the beginning my family members did not allow me to come to dars and now they themselves have started coming. My mother had been suffering from depression for the last twenty five years and she had been usually ill. Due to the action of "Afahasibtum and Azaan" the depression problem resolved. Apart from this she was inclined to pray but was not able to. Al-hamdulillah, by the blessing of this action she is the first one to raise for Fajr prayer. (Umair Khattak Sahib)

I am quite well:

Last week my father suffered from acute kidney pain. I took him to the hospital and there he was injected medicine and then we brought him home. At home I started to recite Anmol Khazanay and the action of "Afahasibtum and Azaan" and blew upon him. At mid night he suffered from severe pain. Again he was taken to the hospital and he was injected there and returned home. After coming home at Fajr time, I recited Surah Yaseen, Surah Ar-Rahmaan and recited the action of "Afahasibtum and Azaan" and blew upon him. Then prayed: Ya Allah you are true, Your Habib Sallalloho alaihe Wasallam is true, your words are true, it might be some deficiency or lacking in my recitation. Ya Allah removed this deficiency and lacking and bestow upon my father's health and healing. When my father woke up he said now there is no pain and I am quite well. Whether the doctors have changed the medicine, I said no. medicine is the same. I have done that action which has been given to me by Hazrat Damat Burkatahum. Due to the blessing of Allah, He has bestowed the healing upon you.

Allah has shown me tasbeeh khana in my dream:

I am an Engineer. The management of the office where I am employed gave me a notice that I will be relived from the service on January 11th. In the same night I saw a dream that I am standing in Tasbeeh Khana building with my wife, whereas I did not know Hazrat Hakeem Sahib Damat Burkatahum and neither I was aware of Tasbeeh Khana. Any how I was shown the same place with similar windows and stairs which I remember well. It was extreme brightness. Next day I went to Ubqari office to

The Miracles of Afahasibtum and Azaan

purchase some medicine. It was Zuhr time. I asked about the mosque to offer prayer. They replied that there is a Tasbeeh Khana some distance ahead where prayer "ba-jamat" will be offered. As I reached there, I immediately visualized the same scenario in my eyes. That was the same place. Then I brought the magazine in which there was commentary on Dars. I started to come to Lessons (Dars) and have been reading Anmol Khazanay for one and half to two years. My son sent his wife to her home to divorce. Due to the blessing of Anmol Khazanay she has come back and both of them are happy. My unemployment ended like this that the same month I have gotten a service of thirty thousand salaries and the company provided me the conveyance too. Last year I was involved in a case with LDA in connection with my house. They had charged me 4 lacs rupees but not issuing NOC. Due to the coming of me here and the blessing they have issued me NOC without any payment. My wife was affected by magic and Jinnat etc and now she is also much better. I have found Tahajjud. Now I try to adopt and recite each action which is told in the Lessons (Dars). On doing the action "Afahasibtum and Azaan" two to three times, very old and chronic fever is removed. Now I have made an oath to Hazrat Ji Damat Burkatahum. I have so many observations similar to these. Allah Ta'ala may bestow requited of goodness upon Hazrat Ji Damat Burkatahum. Ameen.

(Khalid Mahmood Sahib)

You must read me...

To do the action “Afahasibtum and Azaan” and Azaan is open and generally allowed. You can forward the action to others. But for Allah sake do not make it a source of earning. The aim should be the service to mankind.

The last four verses of Surah Al-Muminoon Parah 18th, may be recited seven times and Azaan seven times along with at the beginning and end three times Durood Shareef and then blow on visualizing first right ear and then left ear and blow on the shoulder. In case of the colleagues and friend along with patient want to blow they can also do this and they must do it.

In case of extreme helplessness, the patient is unable to recite and blow on can blow on his ear. If the patient is not present, the other fellows can recite and blow visualizing him

This action must be done after every hour, can be done after every prayer and in the morning and evening daily. Can be done with ablution (wudhu) or without. It is more beneficial if all family members may do this altogether collectively.

Ladies may not do the action of “Afahasibtum and Azaan” in their specific days but they can do the action of Azaan.

Note:

Azaan is usually recited at the time of compulsory prayer (Divine Common.) it is called or recited in the direction of Qibla, inserting fingers in both ears and with loud voice. In this book, Azaan is mentioned and quoted as a function (Wazifa) and for this purpose it is not necessary to

move to the face in the direction of Qibla, to insert fingers into ear and call loudly. Same as it can be recited as a function by every one male, female, old, young or child and there is no distinction and binding of age and sex.

In two seconds action, receive crores of Virtues

If you may recite these four words daily once only

اللَّهُمَّ اغْفِرْ لِلْمُؤْمِنِينَ وَالْمُؤْمِنَاتِ

Then in your register of deeds there will have been written virtues equal to the numbers of Momin males and Momin females. You are well aware that the figures of Momin males and females has exceeded in many crores. In case of doing this action, only one crore instead of many crores virtues are written in your register of deed then

In one week seven crores virtues
In month 30 crores virtues
In one year 365 crores virtues

Suppose your life has only twenty years left, imagine how difficult it will be to calculate the figures.

Argument: Hazrat Abada Bin Sabit (Radhiallaho anho) narrates that he had heard Nabi (Sallalloho alaihe wasallam) saying that: any person who will pray for the forgiveness of Momin males or females Allah Ta'ala shall write the numbers of virtues equal to the figure of Momin males and females in your deeds. (Sahi Al Jamy Raqman Al Hadith 6026)

the numbers of virtues equal to the figure of Momin males and females in your deeds. (Sahi Al Jamy Raqman Al Hadith 6026)

Demand, demand, and demand some more:

Muhtaram Reader:

We are powerless and helpless. Nor we can produce a single seed of rice and wheat nor create a drop of water for us and nor that oxygen by which we are alive in this world. How great is our Allah who has created such a great and big universe for us. It is very necessary that we should accompany with our Preserver, Allah. Whatsoever are the Quranic verses and functions, they are really different way and styles to conciliate and appease that protector. Our Preserver is very Magnificent, Merciful and Compassionate to us. He does not perish the labor and endeavors of His slaves. Instead He is annoyed from non-demanders therefore always continued and uses to demand from the Magnificent. Demand and demand and demand some more, Insha'Allah He shall not return your empty handed

Huzoor Aqdas (Sallalloho alaihe wasallam) have stated about the following asking forgiveness start one (to sleep at night) who may come to his bed and recite these words three times

أَسْتَغْفِرُ اللَّهَ الَّذِي لَا إِلَهَ إِلَّا هُوَ الْحَيُّ الْقَيُّومُ وَأَتُوبُ إِلَيْهِ ط

Allah Ta'ala shall forgive all (small sins) of him although they are equivalent to the froth of ocean or squeal to the sane granules of the place of physician or equal to the leaves of the tree or equal to the day and night of the world. (Tirmizi)

Extremely easy action to have friendship with Allah:

Hazrat Qutubul Aqtabe Murshadi Khawaja Syed Muhammad Abdullah Hajveri Rahmatuallah Alaihe has stated that thought this action is very easy but it possess an influence of making an human being the friend of Allah (wali) just on sitting at home. Then he explained the action: at the time of offering prayers visualize you're in your raising hands and think that your black heart is in your hand and pray this to your Protector: Oh my Allah, this is my black heart, you make it white and transparent. Make it such that it may be acceptable to you. Pray to this while weeping and weeping and if you cannot weep and then expose your face as weeping. After conceived yourself that your heart is being washed out and then touching your hands on your face keep visualizing put your heart at its natural place. If you can make it a routine of your life, with the efforts of a few days, you will see with your own eyes the medicine of heart and purification of heart, provided that the repentance of the wishers is true and pure.

A palace in the Heaven

Rasool-e-Kareem Sallalloho alaihe wasallam have said that a person who recite these words

قُلْ هُوَ اللَّهُ أَحَدٌ

Ten times Allah Ta'ala will make a home in Jannat within an honour.
